Sixty-sixth Congress, Third Session** United States. Congress. House. Committee on Appropriations,1921 **The Marines, Counterinsurgency, and Strategic Culture** Jeannie L. Johnson,2018-05-01 The United States Marine Corps has a unique culture that ensures comradery exacting standards and readiness to be the first to every fight Yet even in a group that is known for innovation culture can push leaders to fall back on ingrained preferences Jeannie L Johnson takes a sympathetic but critical look at the Marine Corps s long experience with counterinsurgency warfare Which counterinsurgency lessons have been learned and retained for next time and which have been abandoned to history is a story of battlefield trial and error but also a story of cultural collisions The book begins with a fascinating and penetrating look inside the culture of the Marine Corps through research in primary sources including Marine oral histories and interviews with Marines Johnson explores what makes this branch of the military distinct their identity norms values and perceptual lens She then traces the history of the Marines counterinsurgency experience from the expeditionary missions of the early twentieth century through the Vietnam War and finally to the Iraq War Her findings break new ground in strategic culture by introducing a methodology that was pioneered in the intelligence community to forecast behavior Johnson shows that even a service as self aware and dedicated to innovation as the Marine Corps is constrained in the lessons learned process by its own internal predispositions by the wider US military culture and

by national preferences Her findings challenge the conclusions of previous counterinsurgency scholarship that ignores culture This highly readable book reminds us of Sun Tzu s wisdom that to be successful in war it is important to know thyself as well as the enemy This is a must read for anyone interested in the Marines Corps counterinsurgency warfare military innovation or strategic culture **General Catalogue of Printed Books** British Museum. Department of Printed Books,1969 **Coast Guard** ,2007 Mars Learning Keith B. Bickel,2018-03-09 Keith B Bickel challenges a host of military and strategic theories that treat particular bureaucratic structures large organizations and elites as the progenitors of doctrine This timely study of how the military draws lessons from interventions focuses on the overlooked role that mid level combat officers play in creating military doctrine Mars Learning closely evaluates Marine civil and military pacification operations in Haiti the Dominican Republic and Nicaragua and illuminates the debates surrounding the development of Marine Corps small wars doctrine between 1915 and 1940 The result is compelling evidence of how field experience obtained before 1940 played a role in shaping the Marine Corps Small Wars Manual and elements of doctrine that exist today How the Marines organized lessons at that time provides important insights into how doctrine is likely to be generated today in response to post Cold War interventions around the globe
