

Unit 5 Study Guide: 1844-1877

As you work, take note of the importance of each item, potential connections to other items, as well as causes and effects.

MAIN THEME: As the nation expanded and its population grew, regional tensions, especially over slavery, led to a civil war—the course and aftermath of which transformed American society.

Key Concept: 5.1 The United States became more connected with the world as it pursued an expansionist foreign policy in the Western Hemisphere and emerged as the destination for many migrants from other countries.

Key Concept: 5.2 Intensified by expansion and deepening regional divisions, debates over slavery and other economic, cultural, and political issues led the nation into civil war.

Key Concept: 5.3 The Union victory in the Civil War and the contested Reconstruction of the South settled the issues of slavery and secession, but left unresolved many questions about the power of the federal government and citizenship rights.

Vocabulary IDs should include: the term, date(s), definition, and significance of the term.

Questions should be explained completely in at least 3–4 sentences, and include specific details from your readings/notes. These will help you provide more specific evidence in your writings, and help you think through more difficult multiple choice questions. *Make sure to answer all parts of the question.*
