

U.S. History – Regents Review Packet**1. Colonial America (1607-1763)****Main Facts to Remember**

- The earliest colonies in North America were:
 - JAMESTOWN, Virginia – settled by businessmen from England who sought to make money by growing and selling tobacco; the area had fertile soil and Virginia grew into a powerful colony of tobacco **plantations** (large farms where slaves did most of the work).
 - MASSACHUSETTS BAY (sometimes called Plymouth) – settled by Puritans from England who were seeking religious freedom for themselves; the Puritans built towns, with small farms on the outskirts.
 - NEW AMSTERDAM – settled by Dutch traders who settled on Manhattan island; in the beginning they mainly traded furs; New Amsterdam was later taken over by the British and renamed "New York".
- Each of these colonies was built on the Atlantic Coast, close to the water (better for trade).
- The policy that the British followed toward the colonies was called **mercantilism** – this means that a "mother country" (like England) had colonies (like America) for two main reasons: 1. to get raw materials; 2. to create new markets (places to sell their products); it also meant that the colony was not allowed to compete economically with the mother country.
- The British also followed a policy of **salutary neglect** toward the American colonies – this meant that the British pretty much left the Americans alone in their day-to-day lives, as long as raw materials kept being shipped to England and as long as Americans bought only British-made products.
- Early examples of democracy in the American colonies:
 - The **Mayflower Compact**: An agreement made by the first Puritan settlers in Massachusetts – it said that they would follow the idea of self-government.
 - The **House of Burgesses**: In Virginia, this was the first elected legislature in the American colonies; it was a first step towards representative government (a government where people could elect their own representatives).

Study Guide plus Streaming Video Max Lucado, 2024-08-13 What comes to mind when you think about the end times If you are like many Christians you might not think about it much at all You have a carpe diem kind of faith that focuses on the here and now Why occupy your thoughts with the not yet when you have enough to deal with in the right now The answer is simple because Jesus focused on the end times A full thirty percent of his teachings in the Gospels have to do with discourses on heaven hell and the events that will signal the final age So if Jesus made the end times a priority it only makes sense that his followers would make it a priority as well Perhaps one of the reasons why you don't like to think about the end times is because you know it will involve turmoil and strife Indeed Jesus said the final days would be marked by events that include economic turmoil political conflicts ethnic tensions persecution of Christians famines wars and rumors of wars diseases false prophets waning faith in Jesus and other fearful sights Jesus declared All these are the beginning of birth pains Matthew 24 9 Labor pains increase in frequency and intensity as the delivery draws near Jesus was speaking of a day in which the same will happen in the world Now when it comes to considering these events that will signal the end of the age you have a choice as to how you will respond You can see these circumstances through the eyes of fear or faith The eyes of fear see little reason for hope and ample reason for anxiety However the eyes of faith see history inching closer and closer to a new era that will usher in a heavenly destiny a time when you will reach the end of the race and receive the heavenly prize Philippians 3 14 nlt God has told you what to expect not to scare you but to prepare you He is like a pilot on the intercom telling the passengers about impending turbulence A good pilot keeps his travelers informed Your good Father does the same God wants you to
