Jesus Skeptic John S. Dickerson, 2019-10-15 Can we know if Jesus actually lived Have Jesus s followers been a force for good or evil in history A respected journalist set out to find the answers not from opinion but from artifacts The evidence led him to an unexpected conclusion Jesus really existed and launched the greatest movement for social good in human history A first of its kind book for a new generation Jesus Skeptic takes nothing for granted as it explores whether Jesus actually lived and how his story has changed our world You ll learn what heroes like Martin Luther King Jr and Harriet Tubman believed about Jesus discover how Jesus inspired women s rights education rights and modern hospitals see visual proofs of Jesus s impact never before compiled in one place be inspired to continue Jesus s fight for human rights justice and progress Jesus Skeptic unveils convincing physical evidence that will enlighten seekers skeptics and longtime Christians alike In a generation that wants to make the world a better place we can discover what humanity s greatest champions had in common a Christian faith U.S. News & World Report ,2007

Modern Monitoring in Perioperative Medicine Henry Liu, Alan David Kaye, 2025-06-06 Perioperative monitoring is crucial for optimizing clinical outcomes in perioperative medicine This state of the art book introduces the latest technologies and updated methodologies essential for healthcare providers involved in perioperative care Covering all stages preoperative intraoperative and postoperative this book details advanced monitoring strategies using the newest equipment and techniques to ensure patient safety Chapters focus on various monitoring technologies including those for blood pressure ventilation cardiac performance oxygenation heart rate and brain function These clinical monitors are vital for delivering safe and effective care across healthcare professions The book also explores the validation of clinical investigations and the future of patient monitoring including innovations in machine learning artificial intelligence and remote monitoring in perioperative medicine Each chapter concludes with bullet point summaries for easy reference The editors who are seasoned experts in anesthesiology pharmacology physiology and pain management bring decades of experience as clinicians leaders and educators This book is an invaluable resource for mastering the critical concepts of perioperative patient monitoring Improving Organizational Performance Richard E. Kopelman, 2019-12-06 This book presents the Cube One framework which provides a basis for understanding diagnosing and improving organizational performance It is based on the premise that successful organizations enact practices that satisfy three key constituents the enterprise itself customers and employees This book offers a uniquely empirical approach by examining enterprise customer and employee directed practices Validity evidence is provided by survey research studies of financial metrics and the analysis of cases involving well known organizations such as Google Four Seasons and Mayo Clinic The Cube One framework is equally applicable to organizations in the for profit nonprofit and government sectors After reading this book students and scholars as well as organizational practitioners in the fields of organizational behavior and management will find a practical approach to improving organizational performance **Quality Measures** Deeb N.

Salem,2020-03-11 While the healthcare system continues to shift towards more emphasis on quality metrics there remains a substantial gap between the expectations of healthcare policies and standards of hospital administrations vs the realistic care provided by the average healthcare provider This book offers the perspective of the healthcare provider and aims to fulfill the unmet need to educate other healthcare providers on recognizing quality measures and understanding how to achieve them to meet standards of quality care This book covers the historical perspective of quality measures the context of their existence their utility and the contemporary issues related to their use Simultaneously it critically addresses the quality of these quality metrics and presents the evidence available to date on the efficacy and the limitations of these quality measures This text is all inclusive and is organized into chapters that include the evolution of quality metrics in healthcare the practical role of hospitals as well as the practical role of individual healthcare providers in addressing quality metrics The chapters also include assessment of quality metrics that uniquely pertain to medical and surgical practices as well as non clinical quality metrics that specifically target undergraduate and graduate medical training Finally the book reflects on the use of contemporary quality metrics and their impact on outcomes patient care and public health and policy making In these chapters tables and illustrations including algorithms will be used to provide systematic approaches to common issues related to quality metrics In addition historical anecdotes and case presentations will be used to address pearls in contemporary practice of quality metrics Quality Measures is the definitive reference on quality metrics in healthcare and is a valuable resource for healthcare providers trainees administrators and public health agencies

100 Questions and Answers about Hysterectomy Delthia Ricks,Lloyd B. Greig,2006-09 Six hundred and thirty three thousand women undergo hysterectomy each year in the United States Whether you or a loved one is considering or undergoing hysterectomy for medical or personal reasons the options and information about hysterectomy can be overwhelming This invaluable resource offers the guidance and advice you need Written by a prominent obstetrician and gynecologist and by a consumer advocate and consultant to the industry 100 Questions Answers About Hysterectomy gives you authoritative practical answers to your pre and post surgery questions sources of support and much more

From Exile to Home Resources for Small Group Bible Study,2020-04-30 Is it necessary to gild the lily In some instances yes Psalm 23 is so beautifully written that its metaphors have to be thoroughly explored to capture its full impact This is precisely what you can expect from this book From Exile to Home explains the meaning of each symbol in a clear and simple manner that readers can understand Illustrations are added in some passages to enhance the reading process From Judea to Babylon and back readers take part in the front seat of the psalmist s adventure as he journeys from exile to home

Design for Pediatric and Neonatal Critical Care Mardelle McCuskey Shepley,2014-02-03 Design for Pediatric and Neonatal Critical Care provides an overview of the design and research issues associated with the development of environments for pediatric and neonatal intensive care This is the first and only book dedicated to this topic and was created to support individuals interested in developing and

studying critical care environments for children and their families In addition to a detailed analysis of the literature from research and practice the author provides a summary of the historical development of critical care for infants and children and information regarding the role of PICUs and NICUs in the critical care system A discussion of current codes and future trends is also provided Design for Pediatric and Neonatal Critical Care includes essays from prominent voices in the field ranging from inspired young architects and researchers to world renowned healthcare design and research icons Illustrations of work that has been identified as exemplary or representative of recent directions are included which will help those planning new or remodeled projects to identify and examine precedents This book is intended to help designers and researchers enhance healing environments for young patients in critical care settings and provide information in support of the families and staff who provide care for these children and infants

Integrating Quality and Strategy in Health Care Organizations Sarmad Sadeghi, 2013 Healthcare organizations are increasingly under financial and regulatory pressures to improve the quality of care they deliver However many organizations are challenged in their ability to fully integrate quality improvement measures into the strategic planning process

Reconceptualizing Mental Illness in the Viral Age Elliott B. Martin, Jr., 2024-07-03 Reconceptualizing Mental Illness in the Viral Age Souls in the Machine reframes the pop culture milieu of the current state of mental illness and mental wellness in the post COVID era The profound psychological trauma left in the wake of the neuro exhaustion engendered by this explosive epoch has created the perfect atmosphere cybersphere for another historical Great Awakening Previously infectious ideas infrequently led to moral and psychological upheaval However with mass social and popular media now comprising the psychosocial milieu from which emerge today's social contagions the speed ease and facility with which ideas infect and commandeer the cybersphere is so profound as to be mentally devastating Techno psychopathologies have hyper evolved In an age of overwhelming distraction and irresistible technology the one certainty amid the chaos is that the current standard of conceptualizing mental illness through checklist diagnostics has been outdated since the digital era began The human mind is now fundamentally different

Health Data in the Information Age Institute of Medicine, Committee on Regional Health Data Networks, 1994-01-01 Regional health care databases are being established around the country with the goal of providing timely and useful information to policymakers physicians and patients But their emergence is raising important and sometimes controversial questions about the collection quality and appropriate use of health care data Based on experience with databases now in operation and in development Health Data in the Information Age provides a clear set of guidelines and principles for exploiting the potential benefits of aggregated health data without jeopardizing confidentiality A panel of experts identifies characteristics of emerging health database organizations HDOs The committee explores how HDOs can maintain the quality of their data what policies and practices they should adopt how they can prepare for linkages with computer based patient records and how diverse groups from researchers to health care administrators might use aggregated data Health Data in the Information Age

offers frank analysis and guidelines that will be invaluable to anyone interested in the operation of health care databases

Legal and Ethical Issues for Health Professionals BOOK ONLY George D. Pozgar,2012-02-08 **Legal and Ethical Issues for Health Professionals** George D. Pozgar,2012 Legal and Ethical Issues for Health Professionals Third Edition provides the reader with a clear understanding of the law and ethics as it relates to health care dilemmas The practical application of ethics in the health care setting is accomplished by interspersing the thoughts of great minds through Quotes and the real world of Newspaper Articles patient experiences through People Stories provider and organizational experiences through Reality Checks and Legal Case Studie *Doctor, Your Patient Will See You Now* Steven Z. Kussin,2012-06-28 The state of health care in this country is routinely discussed in the media at the office and around the kitchen table Yet as consumers of medical care Americans often blindly accept medical advice that may or may not be relevant or even appropriate Doctor Your Patient Will See You Now is meant to turn on its head the old notion that medical care is dictated by the doctors who offer advice Today it s all about the patients who receive it Bias financial incentives and preventable medical error are common to the point of inevitability and have proven resistant to reform Patients increasingly and correctly feel that they are on their own in a large bewildering impersonal and dangerous medical system Offering an insider s perspective Dr Kussin provides the tools readers need to make informed decisions about their care as well as the confidence to question their doctor s advice seek out additional information and discern the best path for their care With this book readers learn how to maintain a professional approach that rather than straining the doctor patient relationship makes it stronger and more cooperative AfterShock Jessie Gruman,2007-02-13 Furnishes an insightful guide to the personal and medical choices that patients and their families must make following a life threatening diagnosis offering compassionate advice on how to respond to the crisis from making informed decisions about treatment to navigating the health care maze to sources of support and comfort Original 40 000 first printing *100 Questions & Answers About Colorectal Cancer* David Bub,Susannah Rose,Douglas Wong,2007-07 The only text to provide both the patient s and doctor s views this invaluable resource provides up to date authoritative practical answers to the most common questions This book is an invaluable resource for anyone coping with the physical and emotional turmoil of this frightening disease **Cancer** Michelangelo Delfino,Mary E. Day,2006 This is a book about radiation oncology a study of cancer and the role radiation plays in its development diagnosis and treatment This book explores radiation as both a killer and a healer by introducing the reader to the effect of radiant energy on the body and the way radiation is harnessed to both diagnose and eradicate cancer After introducing the tools used for diagnosis and treatment a brief explanation is given on how cancer is measured using staging and statistics Who gets cancer and the risk factors for each particular cancer are briefly described with comparisons made between the United States Canada Japan and the U K Cancers are then individually described and grouped somewhat arbitrarily by body site and function The discussions of each cancer include summaries of key trials and recent studies of

modern treatment options by stage focusing on the efficacy of radiotherapy and its associated risks with comparisons to alternative therapies such as surgery and chemotherapy Each chapter concludes with practical evaluations of the best treatment with an emphasis on quality of life The use of radiation for palliation and treating other diseases is also described This work is written with the patient the family the friends and the caregivers in mind for the purpose of providing a quick reference for making informed choices Knowledge of science is not necessary as concepts are defined in simple terms and easy access is provided for important information such as cancer staging cancer statistics radiography and radiotherapy tools radiotherapy techniques and radionuclides used in brachytherapy For those interested in further research original works are referenced and an index and glossary are included

Just Along for the Ride Martha Roddy, 2012-03 At the age of forty six Bill Roddy a vibrant and magnetic man was diagnosed with colon cancer His diagnosis pierced the heart of his mother twice diagnosed with possible colon cancer *Just Along for the Ride* is a beautiful story of a mother and son s love for each other and the love of both for Christ The sufficiency of God s grace in the most difficult time of life is an eternal truth experienced in a fresh and new way in the lives of these two beautiful people You will be overwhelmingly blessed as you make the journey with them Dr John Bisagno Pastor Emeritus Houston s First Baptist Church Speaker and Author Anyone can benefit from reading about the all too brief life of Bill Roddy It is at once inspiring heartwarming and humorous Bill s story is a road map for anyone who desires to both give and receive the utmost from this life and more importantly throughout eternity It would be a meaningful addition to any library Robert E Driver PhD Professor of Finance and Ethics LeTourneau University

NASCAR is a sport that rises and grows stronger in the face of adversity This is the character of the sport and it is merely a reflection of the character of its fans and Bill is a perfect example Faced with adversity he chooses to move forward in life with faith hope and love His story as told by his mother will awaken within us all a desire to face challenges as Bill did determined focused and confident that God is in control Those of us who are involved in NASCAR know the fans of this sport are what make it great and Bill is one of the greatest Billy E Mauldin Jr President and CEO Motor Racing Outreach MRO

Caring for the Heart W Bruce Fye, 2015-02-03 This groundbreaking book weaves together three important themes It describes major developments in the diagnosis and treatment of heart disease in the twentieth century explains how the Mayo Clinic evolved from a family practice in Minnesota into one of the world s leading medical centers and reveals how the invention of new technologies and procedures promoted specialization among physicians and surgeons *Caring for the Heart* is written for general readers as well as health care professionals historians and policy analysts Unlike traditional institutional or disease focused histories this book places individuals and events in national and international contexts that emphasize the interplay of medical scientific technological social political and economic forces that have resulted in contemporary heart care Patient stories and media perspectives are included throughout to help general readers understand the medical and technological developments that are described The book is a synthetic study but it is written so that readers may pick and choose the

chapters of most interest to them Another feature of the book is that readers may follow the stories without looking at the notes Those who are interested in delving deeper into the main topics will find a wealth of carefully chosen references that offer greater detail and additional perspectives The descriptions and interpretations that fill the book benefit from the fact that the author has been a practicing cardiologist and medical historian for almost four decades This is mainly a twentieth century story but it begins earlier before there were physicians who were identified as cardiologists and at a time when medical specialization was just emerging in America The final chapter which addresses present day concerns about health care costs counterbalances earlier ones that might be read as celebrations of new technologies

The Cost of Cutting

Paul A. Ruggieri M.D., 2014-09-02 Why is surgery so expensive Surgeon Paul A Ruggieri reveals little known truths about his profession and the hidden flaws of our healthcare system in this compelling and troubling account of real patients real doctors and how money influences medical decisions behind the scenes Even many well informed patients have no idea what may be contributing to the cost of their surgery With up to date research and stories from his practice Ruggieri shows how business arrangements among hospitals insurance companies and surgeons affect who gets treatment and whether they get the right treatment Pulling back the curtain from the hospital bed he explains how to safeguard one's own health and finances and how America can make surgery more affordable for all without sacrificing quality care
