inner variety to make it fresh and interesting The poems occur on a visit to Mount Parnassus to see the Pythian She presides introduces the sections and frames the book with a prologue and an epilogue There are some topical miscellaneous poems in the final section like on beauty from Westminster Bridge and the environment as in the plastic rubbish patches that are floating round the Pacific which are independent of each other There is a mirror effect experiences everyone shares where readers can find themselves     **The Engineer** ,1874
