Winneba Community Health Training School:

Daily Graphic Ransford Tetteh, 2014-09-11 *Daily Graphic* Yaw Boadu-Ayeboafah, 2005-10-26 **Readings in Arts, Culture, and Social Science Education** M. O. Awoyemi, 2003 *Core Competencies in Adolescent Health and Development for Primary Care Providers* WHO, World Health Organization, 2015-03-31 The aim of this document is to help countries develop competency based educational programmes in adolescent health and development in both pre service and in service education In addition it provides guidance on how to assess and improve the structure content and quality of the adolescent health component of pre service curricula By fostering the capacity of health care providers in adolescent health care and development the document supports the implementation in countries of the Global Standards for Quality Health Care Services for Adolescents The ultimate goal of this competency framework is to increase the quality of health care services provided to adolescents by improving the education of primary health care providers **Your Guide to Higher Education in Ghana** Godfried Funkor, 2007 *Children as Partners for Health* Pat Pridmore, David Stephens, 2000-03 The Child to Child health education approach now in use in more than 80 countries views children as active promoters and not just receivers of health This is an exploration of how far such child centred philosophies can work in cultures where people do not necessarily share Western assumptions about the role of the child in society They analyze the theories and concepts underlying Child to Child and the reasons for its rapid spread Theory is then compared with practice drawing on case studies from both industrialised and Third World countries Lessons are drawn from its successes and failures implications made clear for policy makers planners implementers and evaluators and recommendations made for future action and research

Leadership for Learning, 2008-01-01 The impact of globalization is being felt in numerous spheres of educational policy and practice in rapid growth of information and communication technologies in economic transformation and international market competition all of which conspire to create new demands and place new pressures on school leadership Drawing on examples from 12 countries in different parts of the world The Editors have brought together 28 renowned scholars in Europe Australia North America and Asia Pacific countries to contribute to this book The first six chapters address key themes and provide the framework for the 12 country reports which follow With the aim of increasing international understanding and teasing out issues of transfer and application across cultural and linguistic boundaries we have chosen national reports which cover a range of countries representing a diversity of culture and contextual backgrounds We believe these chapters and the book as a whole can provide important theoretical policy and practical implications that will inform the debate about the future of education and of schooling While each of these country narratives underscore the importance of context at the same time there are insights and values held in common **COVID-19, Tourist Destinations and Prospects for Recovery** Kaitano Dube, Ishmael Mensah, Lazarus Chapungu, 2023-03-16 Despite the fact that the African tourism industry is prone to disturbances such as diseases extreme weather events civil unrest wars and

other shocks nothing could have prepared this destination for the devastating effect of the COVID 19 pandemic In the absence of government or international agency budget support the pandemic challenged the African tourism market to its core The focus of this book is to assess the impact of the COVID 19 pandemic on the African tourism destination market as well as its prospects for recovery A chapter written by the editorial team introduces the book Following the introduction the book offers chapters evaluating the pandemic s impact on African tourism Chapters in the second part of the book discuss tourism recovery and how some destinations have survived the pandemic The book concludes with a chapter providing policy recommendations and practical implementation advice The book is part of a 3 volume series **Master Plan of Operations**

and Programme Plans of Operation, 1996-2000 Ghana,1995 Development and Women's Reproductive Health in Ghana, 1920-1982 Holly Ashford,2022-12-09 This book investigates the history of women s reproductive health in Ghana arguing that between the 1920s and 1980s it was largely driven by discourses of development and population control rather than a concern for women s health or rights Between the 1920s and 1980s the choices that Ghanaian women made regarding their reproductive health were defined by development policy and practice Spanning the colonial and immediate postcolonial periods this book demonstrates that whilst the substance of development discourse shifted over time principles of development continued to be used to impact and legitimise reproductive health policy and practices well after independence The book explores Ghana s pluralist health system the introduction of maternal and child welfare the dominance of the Red Cross in Ghana s maternal and child health landscape nationalist pronatalism and global population activism In order to understand how global iterations of development and health policy impacted ordinary lives in Ghana the author uses evidence from multiple levels including private papers national archives and records of international and transnational organisations Providing balanced archival perspectives the book includes extensive oral history interviews carried out with both rural Ghanaian women and traditional birth attendants as well as with midwives doctors and family planning fieldworkers This book will have an important impact on a number of historical fields including Ghanaian history global health history global histories of population and family planning and histories of development It will be of interest to researchers and students in the history of public health development Africa Ghana and gender **School Mental Health**

Stan Kutcher,Yifeng Wei,Mark D. Weist,2015-05-05 The realisation that most mental disorders have their onset before the age of twenty five has focused psychiatric research towards adolescent mental health This book provides vivid examples of school mental health innovations from eighteen countries addressing mental health promotion and interventions These initiatives and innovations enable readers from different regions and disciplines to apply strategies to help students achieve and maintain mental health enhance their learning outcomes and access services worldwide Through case studies of existing programs such as the integrated system of care approach in the USA the school based pathway to care framework in Canada the therapeutic school consultation approach in Turkey and the REACH model in Singapore it highlights challenges and

solutions to building initiatives even when resources are scarce This will be essential reading for educators health providers policy makers researchers and other stakeholders engaged in helping students achieve mental health and enhance their learning outcomes *The Medium Term Expenditure Framework for ... and the Annual Estimates for ...* Ghana,2009

Daily Graphic Sam Clegg,1988-11-23 **Handbook of School Violence, Bullying and Safety** Jun S. Hong,Heng C. Chan,Annis L.C. FUNG,Jungup Lee,2024-08-06 This Handbook provides cutting edge research on school violence bullying and safety Focusing on contemporary phenomena such as cyberbullying assaults on teachers and gun violence in schools it offers insights into the international prevalence of school violence and how it can be prevented Daily Graphic Elvis D. Aryeh,1997-12-23 **Sustainable Ageing** Nestor Asiamah,Hafiz T.A. Khan,Whitney Nesser,Frank Frimpong Opuni,Alex Siu Wing Chan,2024-10-26 This book uniquely operationalizes sustainable ageing as a concept for reimagining ways by which 1 social and health threats i e climate change events extreme industrialization infectious disease outbreak and war can constrain the implementation of healthy ageing campaigns or limit their outcomes and 2 potential transdisciplinary strategies can be rolled out to optimize healthy ageing through the campaigns in contexts experiencing the threats The United Nations Decade of Healthy Ageing 2021 2030 initiative drives major healthy ageing campaigns and encapsulates 10 initiatives for enabling people to maintain health as they age Worsening social and health threats are however hindering the implementation of the campaigns Consequently healthy ageing may not be achieved or sustained even in age friendly contexts experiencing crises Scholars agree these threats will adversely impact public health and an inclusive multidisciplinary approach to healthy ageing is necessary amidst the threats This book provides an understanding of how healthy ageing should be framed and approached through the campaigns in a world experiencing crises Among the topics covered are Psychology of Ageing in Place Amidst Health and Social Threats Perspectives on the Decade of Healthy Ageing Climate Change Adaptation for Healthy Ageing Research Practice Gap Impact on Campaigns and Mitigation Strategies Human Development Pathways for Empowering Older Adults A Decade of Healthy Ageing Perspective Initiatives to Fight Ageism Neglect and Elderly Abuse During Crises A Healthy Ageing Perspective Sustainable Ageing Reimagining Healthy Ageing Through the Lens of Flagship Campaigns is a timely publication with broad appeal Each chapter provides empirical evidence or models for improving stakeholders understanding of campaign related healthy ageing programmes how the programmes are affected by the threats and what can be done to achieve the core goals in contexts experiencing threats Students lecturers and researchers can use the book as a research guide whereas public health professionals and organizations can use it to develop or alter policies Researchers in a wide range of disciplines can design studies based on models and insights from the book **Indigenist African Development and Related Issues** Akwasi Asabere-Ameyaw,Jophus Anamuah-Mensah,George Sefa Dei,Kolawole Raheem,2014-07-11 There is no term so heavily contested in social science literature nomenclature than Development This book brings Indigenous perspectives to African

development It is argued that contrary to development as we know it not working a greater part of the problem is that conventional development approaches that work have in fact not truly been followed to the letter and hence the quagmire All this is ironic since everything we do about our world is development So how come there is difficult knowledge when it comes to learning from what we know i e what local peoples do and have done for centuries as a starting point to reconstructing and reframing development In getting our heads around this paradox we are tempted to ask more questions How do we as African scholars and researchers begin to develop home grown solutions to our problems How do we pioneer new analytical systems for understanding our communities and offer a pathway to genuine African development i e Indigenist African development see also Yankah 2004 How do we speak of Indigenist development mindful of global developments and entanglements around us Can we afford to pursue development still mired in a catch up scenario Are we in a race with the development world and where do we see this race ending or where do we define as the finishing line A Publication of the Centre for School and Community Science and Technology Studies SACOST University of Education Winneba Ghana
