World War I (WWI or WW1) also known as the First World War or the Great War was a global war centred in Europe that began on 28 July 1914 and lasted until 11 November 1918. More than 70 million military personnel, including 60 million Europeans, were mobilised in one of the largest wars in history. Over 9 million combatants and 7 million civilians died as a result of the war, including the victims of a number of genocides, a casualty rate exacerbated by the belligerents' technological and industrial sophistication and the tactical stalemate caused by trench warfare, a grueling form of warfare in which the defender held the advantage. It was one of the deadliest conflicts in history and paved the way for major political changes, including revolutions in many of the nations involved. The war drew in all the world's economic great powers assembled in two opposing alliances: the Allies, based on the Triple Entente of the United Kingdom, British Empire, France, and the Russian Empire, versus the Central Powers of Germany and Austria-Hungary. Although Italy was a member of the Triple Alliance alongside Germany and Austria-Hungary, it did not join the Central Powers as Austria-Hungary had taken the offensive against the terms of the alliance. These alliances were reorganised and expanded as more nations entered the war. Italy, Japan, and the United States joined the Allies, while the Ottoman Empire and Bulgaria joined the Central Powers. The trigger for the war was the assassination of Archduke Franz Ferdinand of Austria, heir to the throne of Austria-Hungary, by Yugoslav nationalist Gavrilo Princip in Sarajevo on 28 June 1914. This set off a diplomatic crisis when Austria-Hungary delivered an ultimatum to the Kingdom of Serbia, and entangled international alliances formed over the previous decades were invoked. Within weeks, the major powers were at war, and the conflict soon spread around the world. On 28 July, the Austro-Hungarians declared war on Serbia and subsequently invaded. As Russia mobilised in support of Serbia, Germany invaded neutral Belgium and Luxembourg before moving towards France, leading the United Kingdom to declare war on Germany. After the German march on Paris was halted, what became known as the Western Front settled into a battle of attrition with a trench line that would change little until 1917. Meanwhile, on the Eastern Front, the Russian army was successful against the Austro-Hungarians but was stopped in its invasion of East Prussia by the Germans. In November 1914, the Ottoman Empire joined the Central Powers, opening fronts in the Caucasus, Mesopotamia, and the Sinai. Italy joined the Allies in 1915, and Bulgaria joined the Central Powers in the same year, while Romania joined the Allies in 1916, followed by the United States in 1917. The Russian government collapsed in March 1917, and a subsequent revolution in November brought the Russians to terms with the Central Powers via the Treaty of Brest-Litovsk, which constituted a massive German victory. After a stunning German offensive along the Western Front in the spring of 1918, the Allies rallied and drove back the Germans in a series of successful offensives. On 4 November 1918, the Austro-Hungarian empire agreed to an armistice and

Germany which had its own trouble with revolutionaries agreed to an armistice on 11 November 1918 ending the war in victory for the Allies By the end of the war the German Empire Russian Empire Austro Hungarian Empire and the Ottoman Empire had ceased to exist National borders were redrawn with several independent nations restored or created and Germany's colonies were parceled out among the winners During the Paris Peace Conference of 1919 the Big Four Britain France the United States and Italy imposed their terms in a series of treaties The League of Nations was formed with the aim of preventing any repetition of such a conflict This however failed with economic depression renewed European nationalism weakened member states and the German feeling of humiliation contributing to the rise of Nazism These conditions eventually contributed to World War II

**Newspaper Press Book** United States. War Finance Division, **J. Frank Dobie** Steven L. Davis, 2010-01-01 The first Texas based writer to gain national attention J Frank Dobie proved that authentic writing springs easily from the native soil of Texas and the Southwest In best selling books such as *Tales of Old Time Texas* *Coronado's Children* and *The Longhorns*

Dobie captured the Southwest's folk history which was quickly disappearing as the United States became ever more urbanized and industrial. Renowned as Mr Texas, Dobie paradoxically has almost disappeared from view a casualty of changing tastes in literature and shifts in social and political attitudes since the 1960s. In this lively biography, Steven L. Davis takes a fresh look at a J. Frank Dobie whose liberated mind set him on an intellectual journey that culminated in Dobie becoming a political liberal who fought for labor, free speech and civil rights well before these causes became acceptable to most Anglo Texans. Tracing the full arc of Dobie's life 1888-1964, Davis shows how Dobie's insistence on free range thinking led him to such radical actions as calling for the complete integration of the University of Texas during the 1940s as well as taking on governors, senators and the FBI which secretly investigated him as Texas's leading dissenter during the McCarthy era.

The Men Who Planned the War Paul Harris, 2017-05-15 During the Allied victory celebrations, there were few who chose to raise a glass to the staff. The high cost of casualties endured by the British army tarnished the reputation of the military planners which has yet to recover. This book examines the work and development of the staff of the British army during the First World War and its critical role in the military leadership team. Their effectiveness was germane to the outcome of events in the front line but not enough consideration has been paid to this level of command and control which has largely been overshadowed by the debate over generalship. This has painted an incomplete picture of the command function. Characterised as arrogant, remote and out of touch with the realities of the front line, the staff have been held responsible for the mismanagement of the war effort and profligate loss of lives in futile offensives. This book takes a different view. By using their letters and diaries, it reveals fresh insights into their experience of the war. It shows that the staff made frequent visits to the front line and were no strangers to combat or hostile fire. Their work is also compared with their counterparts in the French and German armies, highlighting differences in practice and approach. In so doing, this study throws new light upon the characteristics, careers and working lives of these officers, investigating the ways in which they both embraced and resisted change. This offers evidence both for those who wish to exonerate the British command system.
