European Yearbook of International Economic Law 2013 Christoph Herrmann, Markus Krajewski, Jörg Philipp Terhechte, 2013-04-02 Part one of Volume 4 2013 of the European Yearbook of International Economic Law offers a special focus on recent developments in international competition policy and law International competition law has only begun to emerge as a distinct subfield of international economic law in recent years even though international agreements on competition co operation date back to the 1970s Competition law became a prominent subject of political and academic debates in the late 1990s when competition and trade were discussed as one of the Singapore issues in the WTO Today international competition law is a complex and multi layered system of rules and principles encompassing not only the external application of domestic competition law and traditional bilateral co operation agreements but also competition provisions in regional trade agreements and non binding guidelines and standards Furthermore the relevance of competition law for developing countries and the relationship between competition law and public services are the subject of heated debates The contributions to this volume reflect the growing diversity of the issues

and elements of international competition law Part two presents analytical reports on the developments of the regional integration processes in North America Central Africa and Southeast Asia as well as on the treaty practice of the European Union Part three covers the legal and political developments in major international organizations that deal with international economic law namely the IMF WCO WTO WIPO ICSID and UNCTAD Lastly part four offers book reviews of recent works in the field of international economic law

International Organizations in WTO Dispute Settlement Marina Foltea, 2012-11-08 This book analyses the role of international organizations in WTO dispute settlement as arising from a number of WTO disputes In particular the roles of the IMF WIPO WCO and WHO are addressed The use of the Vienna Convention rules of interpretation framework allows an evaluation of the weight attributed to this material by the WTO adjudicator This allows specific conclusions to be drawn regarding the level of institutional sensitivity of the WTO adjudicator to each of the organizations As well as being a valuable source of research the analysis will appeal to international law scholars civil servants and law practitioners interested in the WTO and dispute settlement

Business Guide to the Uruguay Round Commonwealth Secretariat, 1995 This guide explains the rules of the Uruguay Round trade agreements and their implementation It provides an overview of the achievements of the Uruguay Round and explains the role of the World Trade Organization It also presents the rules applicable to trade and examines their implications for trade liberalization reviewing the main features of the General Agreement on Trade in Services GATS and the provisions of the Agreement on Trade Related Aspects of Intellectual Property Rights TRIPS

A Practical Guide to Working with TRIPS Antony Taubman, 2011-04-07 A brief and accessible guide to the practical workings of the TRIPS agreement this book offers a unique account of how the international rules of intellectual property function in practice within a broader legal framework that consists of WTO law and dispute resolution procedures

Digital Museums in the Global South Emma Duester, 2024-11-01 This book focuses on digital museums in the context of Vietnam and contributes to global discussions on the development of digital museum offerings needed to meet audience demands requirements for sustainable digitisation methods for cultural heritage demands for the development of intellectual property protection for the digital environment and shows ways for national governments to support digital museums Duester provides insight into museums in part of the Global South where infrastructure funding and technical and human resource constraints impact the take up and display of digital content With on the ground research from three Vietnamese museums Duester argues for a museum framework that is sustainable ethical and culturally appropriate The Vietnamese government's strategy for digitalisation of culture heritage and museums is assessed and the book includes a list of recommendations on sustainable digitisation methods intellectual property protection measures for the digital environment management phygital business models and new digital revenue streams The volume will benefit scholars involved in the cultural and creative industries as well as museum professionals and cultural policymakers who will value the book's assessment of international standards treaties and conventions on copyright law and

how they apply to museums as well as the recommendations listed above
