**Mammon's Ecology** Stan Goff, 2018-04-26 Proverbs 22:22 enjoins the reader: Don't take advantage of the poor just because you can. Mammon's Ecology is a systematic investigation into the mysterious nature of modern money which confronts us with the perplexing fact that in the global economy as it is, we take advantage of the poor whether we want to or not. We destroy natural systems whether we want to or not. Ched Myers describes Mammon's Ecology as a workbook about the secret life of money. Where Prather and others have shown that money is one of the perverse Powers described in Ephesians 6, Mammon's Ecology details precisely how money exercises this peculiar power and outlines suggestions for Christians who feel trapped in this complicity, not just as individuals but as church. Mammon's Ecology is not a book about economics which the author calls the world's best antidote to insomnia, but rather a book about the deep ecology of post-modern power and injustice. Read individually or as a group, Mammon's Ecology will leave you unable to think about money the same way again. *Economic Statecraft and US Foreign Policy* Leif Rosenberger, 2019-11-12 Explaining the connection between economics and violent extremism, this book argues that American foreign policy must be rebalanced with a greater emphasis on social inclusion and shared prosperity in order to mitigate the root causes of conflict. Rosenberger argues that economic coercion has usually proven counterproductive and that a militarized American foreign policy too often results in frustration and strategic failure. He analyses this theory through a number of case studies from the Treaty of Versailles to the more recent issues of Israel in Gaza, US sanctions against Iran, the US-backed Saudi-led boycott of Qatar, and Donald Trump's trade war against China. He concludes that the economic logic of social inclusion and shared prosperity demonstrated in Jean Monnet's European Coal and Steel Community would be a more successful strategy in reducing the demand for violence in the civil wars in Afghanistan, Iraq, Yemen, and Syria. This book will be of particular relevance for courses on American Foreign Policy, International Relations, and International Political Economy, and seminars on the Near East and South Asia. Professional economists, diplomats, and military officers in America and in the Near East and South Asia will also find the argument useful. **Congressional Record** United States Congress, 2009 The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States, 1789-1824; the Register of Debates in Congress, 1824-1837; and the Congressional Globe, 1833-1873. [United States of America Congressional Record, Proceedings and Debates of the 113th Congress Second Session Volume 160 - Part 6](#), **Still Life with Rhetoric** Laurie E. Gries, 2015-03-05 In Still Life with Rhetoric, Laurie Gries forges connections among new materialism, actor-network theory, and rhetoric to explore how images become rhetorically active in a digitally networked global environment. Rather than study how an already materialized visual text functions within a specific context, Gries investigates how images often circulate and transform across media genre and

location at viral rates A four part case study of Shepard Fairey's now iconic Obama Hope image elucidates how images reassemble collective life as they actualize in different versions enter into various relations and spark a firework of activity across the globe While intent on tracking the rhetorical life of a single multiple image Still Life with Rhetoric is most concerned with studying rhetoric in motion To account for an image's widespread circulation and emergent activities Gries introduces iconographic tracking a digital research method for tracing an image's divergent rhetorical becomings Yet Gries also articulates a dynamic set of theoretical principles for studying rhetoric as a distributed generative and unforeseeable event that is applicable beyond the study of visual rhetoric With an eye toward futurity the strands of time beyond a thing's initial moment of production and delivery Still Life with Rhetoric intends to be taken up by those interested in visual rhetoric research methods and theory

**Rumped!** Ian Wood, 2017-01-20 We the government having been duly elected by a minority of the people hold these truths to be self evident that all real men are created straight and white it is the White House after all that they are endowed by their creator with certain n o n i m m i g r a n t inalienable rights and that among these are Profit Privilege and the Pursuit of tax havens and also copping a feel of any woman you fancy regardless of what she wants Thus began the monkey business of government with a president always fearing the next election a hastily chosen cabinet holding the last of the personalized vodka and an agenda sitting on the desk of what would have been the ovum office for the first time in history had four million registered voters got off their asses and done what they d registered to do but we get the government we deserve carrying on tradition and did it carry on They don t refer to it as govern mental for nothing

**The Economist** ,2008 The Current American Civil War, a Global Perspective

Kern G. Lim, 2018-09-10 After the last Civil War America emerged a stronger and more united country that went on to witness major economic growth and become a major force for Democracy around the World America is currently in a New Cold Civil War it is at a critical inflection point and faces the most serious threat to its democracy in its history Its Dynamic Free Market Capitalism has been replaced by Crony Capitalism from Wall Street which is hobbling the proper allocation of Financial Capital to Main Street thereby stifling real new business growth In this political commentary the author argues that we still do not fully understand the negative effects of convergence and consolidation in information technology We are also overlooking the fact that the rhetoric in both the social and Main stream Media are being monopolized by the same special interest groups that funds the Activists and control a majority of information technology companies While muckraker journalists used to look out for our interests today the media are mostly in cahoots with the tech companies as well as celebrities activist judges corporations and Wall Street capitalists As such the American people stand alone with no one on their side except the current President whom they had elected on 8th Nov 2016 With odds stacked against them do Americans stand a chance Get the answer to that question and many more also discover what you can do to protect American democracy and help unchain free market capitalism to drive economic growth in America In our current environment of emotional hysteria hyped up by the Social and Main stream Media this book attempts a facts based approach leveraging business management methodologies and discipline to analyze issues and their causations All derived conclusions are also supported by historical equivalents fundamental concepts per relevant disciplines related organizational Cultures and finally the motivations and personal agendas of the participants This fresh new approach is most interesting as it is neither aligned with the left nor right an independent unbiased approach to problem solving

**"Yes We Can"** Wolfgang Mieder, 2009 As

President Barack Obama outlined his promise for change during the presidential campaign he made effective use of proverbs and proverbial phrases and invented many quotable epithets that have all the makings of future proverbs This book examines how Obama's natural and authentic reliance on traditional metaphors enhances his impressive rhetoric rather than reducing it to mere sound bites Proverbs with their often colorful metaphors add expressiveness and emotion to his communications giving people the opportunity to follow his pragmatic or philosophical arguments through common language No matter the subject Obama's prose contains metaphorical language that makes his rhetoric and oratory universally accessible This book contains detailed analyses of the proverbial rhetoric in Obama's books *Dreams from My Father* 1995 and *The Audacity of Hope* 2006 A section looks at his proverbial language in 229 speeches news conferences interviews and radio addresses and the final section presents in depth studies of his seven most significant addresses It includes a comprehensive contextualized index of 1714 proverbial texts found within the writings and speeches from Obama's political beginnings to his memorable inaugural address

James Carville, 2009-05-05 Every four years Americans hold a presidential election Somebody wins and somebody loses That s life But 2008 was an anomaly The election of President Barack Obama is about something far bigger than four or even eight years in the White House Since 2004 Americans have been witnessing and participating in the emergence of a Democratic majority that will last not four but forty years To understand the emergence of a lasting Democratic majority we ll first have to spend a few moments reviewing the profound and relentless incompetence of the Bush administration and the pursuant collapse of the Republican Party That means looking back at the failure of Republican ideas including a wholesale rejection of the myth of conservative superiority on the economy and holding our noses long enough to survey the gallery of truly repellent scoundrels scandals and screwups that the Republican Party has been responsible for over the last eight years After completing the unpleasant but edifying task of autopsying the Republican Party we ll examine the underpinnings of Democratic victories in 2004 2006 and 2008 and make the argument for why Democrats are going to keep winning Two words young people In short the Republicans are going to keep getting spanked again and again for forty more years because we re right and they re wrong and Americans know it *The American Experiment: Yesterday, Today and Tomorrow*

Randall Rush, 2020-10-01 This book sets out the history of The American Experiment in self government focusing on its original legal documents The Declaration of Independence and The Constitution It discusses how and why such a Total Heresy as self government ever arose and has survived for nearly 250 years One focus is on the original genius of the Separation of Powers that has become so muddled since the Framers created the Constitution The horror of the World Wars and key aspects of the Presidents from Eisenhower through Carter and the two Bushes are summarized Presidents Reagan Clinton Obama and Trump are discussed in increasing levels of detail The failures of the Federal Department of Justice and the Federal Bureau of Investigation beginning with the Enron prosecution are summarized The issues of the appointment of Supreme Court Justices immigration and the rise of socialism communism in America are discussed in some detail The failed bloodless coup d etat and impeachment attempts to remove President Trump from office are discussed in depth as are the climate change debate and the Green New Deal The geopolitical world from Europe to Russia the Middle East China and North Korea are discussed as they are directly affecting future American freedom One of the last chapters discusses why western man and specifically America arrived at the pinnacle of civilization while others did not Finally the author closes with The Only Thing That Matters at the End of the Trail a summary of his wishes for not only his descendants but all the World

The Top Books of the Year Obama The Onetrick Pony English Edition The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
