Johnson, 2019-04-16 An acclaimed economist reveals that school integration efforts in the 1970s and 1980s were overwhelmingly successful and argues that we must renew our commitment to integration for the sake of all Americans We are frequently told that school integration was a social experiment doomed from the start But as Rucker C Johnson demonstrates in *Children of the Dream* it was in fact a spectacular achievement Drawing on longitudinal studies going back to the 1960s he shows that students who attended integrated and well funded schools were more successful in life than those who did not and this held true for children of all races Yet as a society we

have given up on integration Since the high point of integration in 1988 we have regressed and segregation again prevails Contending that integrated well funded schools are the primary engine of social mobility Children of the Dream offers a radical new take on social policy It is essential reading in our divided times OCR Sociology for A Level Book 1 Sue Brisbane,Katherine Roberts,Paul Taylor,Steve Chapman,Jannine Jacobs-Roth,Nayda Ali,2015-10-30 Exam Board OCR Level A level Subject Sociology First Teaching September 2015 First Exam June 2016 Build students confidence to tackle the key themes of the 2015 OCR A Level Sociology specification with this clear and accessible approach delivered by a team of leading subject authors Develop knowledge and understanding of key Year 1 concepts in a contemporary context including globalisation and the digital social world Strengthen essential sociological skills with engaging activities at every stage of the course Reinforce learning and prepare for exams with practice and extension questions and exercises **2012-2013**
