community mental health nursing practice in this specialist field of care delivery *How to Thrive as a Newly Qualified Nurse* Carol Forde-Johnston, 2018-10-29 *How to Thrive as a Newly Qualified Nurse* provides a structured programme of support for nursing students and newly qualified nurses during their first year qualified. Packed with practical examples, tips and advice and featuring vignettes from recently qualified nurses, this book will help you to Choose your first nursing post and secure the job you really want. Structure your learning and development in the early stages of your career. Work in a team, prioritise your care giving and delegate to others. Understand safe staffing, patient acuity and dependency tools, care planning and risk assessment tools. Learn how to escalate concerns and report incidents. Here's what some of our student and NQN reviewers said: The writing style and tone of voice is just right; it reads as though I'm having a conversation with a knowledgeable, trusted friend. I noticed that it answered many of the questions I was always embarrassed to ask. As I thought I should have already known those things I have wanted a book that covers the information provided in this book and have been unable to find one. I think this book will be an incredibly useful resource. Drawing on her 30 years' experience as a Registered Nurse and University Lecturer/Practitioner, Carol Forde-Johnston has written an accessible and practical book that aims to respond to the questions and concerns that her students and NQNs frequently raise and to help you thrive as a newly qualified nurse.

Launching Your Career in Nursing and Midwifery Annabel Smoker, 2015-12-01 Gaining a first job as a nurse or midwife is becoming not only highly competitive but an increasingly more complex process. This practical guide will help students get ahead of other applicants by picking apart the experience of applying for a job from start to finish. Readers will discover a wealth of information on career planning, continuing professional development and next steps. Accessible and user friendly, this is an essential text for student nurses and midwives at any stage in their pre-registration education and more especially for those in their final year as they prepare for the move into qualified employment or further discipline specific study.

Foundations of Adult Nursing Dianne Burns, 2018-12-29 Covering the issues, themes and principles that explain what it means to be a nurse today, this book provides the theory students need to know and applies it to the diverse patient groups and settings that students will encounter on their placements. Key features of the book are: It introduces the core aspects of adult nursing. An evidence-based approach with discussion of literature, policy and research and suggested further reading for every chapter. Over 30 case studies to help students understand the realities of practice across a range of settings including primary care and the community. Stop and think boxes which challenge assumptions and encourage reflection. A companion website with sample questions for lecturers to use in seminars, multiple choice questions for student revision and free SAGE journal articles. The book has been closely mapped to the NMC's 2018 Standards for Proficiency: Education and Training and supports students across their entire degree programme as they develop into nurses of the future, ready to deliver and lead care.

Contexts of Contemporary Nursing Graham R. Williamson, Tim Jenkinson, Tracey Proctor-Childs, 2010-06-22 A wide variety of factors impact on the scope of nursing practice, including

government policies organisational structures the media education future healthcare directions and service users themselves It is an NMC requirement that nurses understand these factors in order to deliver quality care This book provides a clear and practical introduction to these contexts for the new nursing student The new edition formerly *Nursing in Contemporary Healthcare Practice* has been revised to cover the organisational structures that students will find themselves working in the various bodies involved in healthcare policy and the big issues in current and future healthcare delivery *Nursing Times, Nursing Mirror*, 2003
