, Heal America, Heal Yourself by Correcting Your Habits Michelle Moore, 2015-06-11 Familiarity with Western medicine Asian doctors and chiropractors have given me insight about medicine and health care is the U S Learning different philosophies and procedures made me think about health and how human bodies function The Happy Planet index [www.happyplanet.com](http://www.happyplanet.com) about happiness worldwide implies there are major problems in the U S In Heal America Heal Yourself I focus on personal habits and the American health care system what we can do about it and how we can secure our own good health through personal actions and proactive care We need to abandon the traditional mindset about our health and develop a better health insurance system The book considers pandemic medical crises worldwide which include the rapid increase of cancer thyroid conditions diabetes and other infectious diseases such as tuberculosis I point out what we can do to prevent and even reverse these conditions as well as how to change the American health insurance system Since I am originally from an Asian country I see the major differences in the health insurance system and medical costs in the U S as excessive and frequently difficult to access Publisher's website <http://sbprabooks.com> Michelle Moore *101 Ways to Improve Your Health with Body Work* Alan E. Pitstick, 1998 Doctors Are More Harmful Than Germs Harvey Bigelsen, M.D., 2011-03-15 Most people would consider a knife wound to the stomach a serious health risk but a similar scalpel wound in an operating room is often shrugged off In Doctors Are More Harmful Than Germs Dr Harvey Bigelsen explains how today's medical doctors overprescribe surgery and ignore its long term health implications Any invasive medical procedure he argues including colonoscopies and root canals creates inflammation in the body leading to serious and long lasting health problems Inflammation according to Dr Bigelsen is the real cause of all chronic disease persistent or long lasting illness Noting that Western medicine has yet to cure a single chronic disease Bigelsen points to a new paradigm one that treats each patient as an individual rather than as a set of symptoms avoids further damage to the body through surgery and looks for the root cause of chronic disease in past damage done to the patient's body whether caused by a bad fall or a scalpel Provocatively written and radical in its approach Doctors Are More Harmful Than Germs challenges readers to rethink everything they believe about illness and how to treat it **Your Stand Is Your Brand** Patrick Gentempo, 2020-03-17 A go to guide for entrepreneurs to succeed by taking a clear stand and aligning their business with their values What do I need to do It's almost always the wrong question that an entrepreneur or a business leader asks when creativity seems to have been lost When you're stuck and the journals and books you've been reading and going to the masterminds and conventions and seminars you've been attending haven't led to any breakthroughs When your notepads full of proven best practices should

have brought you to the next level but haven't. In this paradigm shifting work serial entrepreneur Patrick Gentempo explains why the primary question you need to ask as a business leader is Who should we be. While it makes sense and may sound pretty easy it's actually one of the hardest questions an entrepreneur can ask no matter the scale of business they are running. In *Your Stand Is Your Brand* you'll learn about Maximum Tension the greatest barrier to entrepreneurial growth The 5 P Expansion Sequence a tried and true model tracking the steps from Philosophy to Prosperity Digging into the soul of your business so it can find its transformative process for serious breakthroughs How to face the fire and embrace creative destruction And much more This is not your typical business success book it is a source of inspiration that will keep you reading and winning in transformative ways that aren't available to you right now So let's begin the process to revolutionize your business and your life
