Reach Your Goal How To Set And Achieve Your Goal:

How To Set And Achieve Goals James David Rockefeller, Have you lately wondered what you have achieved in the last year or even in your life Do you feel like a lost ship that doesn't know where it is going or why it is moving at all Does it feel like you are living your life without any goals in sight If yes you probably need to focus on setting goals Having a goal in life gives you focus and direction It gives you control over where your life is heading It also provides a benchmark to determine your success in specific areas of your life Goal setting is important for achieving success and it doesn't matter which area of your life you want to succeed in If you want to succeed in the work arena you need to have goals to achieve If you need success in the relationships arena you need to set goals there too Whether it is your health relationships career or anything for success you need to set goals Your goals could be for the day such as I will complete a chapter of my book today Or it could be for a month such as I will showcase my products to five clients by the end of this month Or it could be for a year such as I will spend a hundred hours this year helping the needy It could also be for your life such as I want a house of my own In other words your goals are the dreams you have for yourself your life your family or for your career But a simple I want will not work It is not going to happen by saying I want and just sitting on the couch watching TV Your I want statements could get you started on what goals you would like to achieve But that's only the first step in goal setting So how

can you set goals and achieve success What are the steps involved in setting and achieving your goals Read this guide and find out
