Sottsass 700 Drawings:

Sottsass Ettore Sottsass, 2005 In order to allow us to listen to our thoughts someone came up with the idea of inventing words Someone thought that the sound of the words could in some way represent the wanderings of our thoughts of some of our thoughts Someone else got the idea of representing thoughts by making marks by making them with light with something you could see I make marks What I mean is that I always and only draw in order to represent certain thought that pursue me These thoughts trace out the forms dimensions weight materials colors and temperatures to use in building the stage onto which I or we will drag existence including in the theater set all the furniture curtains lamps and objects in general you know vases for flowers plates for eating baskets for bread if there is any or fruit if there is any and so on Ettore Sottsass 1997 Back cover

Sottsass , 2015 **Ettore Sottsass** Ronald T. Labaco, Dennis P. Doordan, 2006 Ettore Sottsass Architect and Designer the first significant study of the work of Sottsass for over a decade emphasizes the continuing diversity and innovation of his professional life while illuminating his personal design philosophy his belief in the intimate relationship between design and the individual and his fundamental humanity and joie de vivre Drawing in particular on the work of the two decades since Sottsass left the Memphis collective this book reassesses his relationship to Modernism and Postmodernism analyzes the increasing importance to Sottsass of his own architectural practice and considers both his acceptance and his rejection of the traditional use of materials In a series of interviews specially undertaken for this book Sottsass reflects on the cross currents of ideas and influences that have guided his long career

BOOK JACKET **Akushisu** , 2005 **Drawing on Architecture** Jordan Kauffman, 2019-03-19 How architectural drawings emerged as aesthetic objects promoted by a network of galleries collectors and institutions and how this changed the understanding of architecture Prior to the 1970s buildings were commonly understood to be the goal of architectural practice architectural drawings were seen simply as a means to an end But just as the boundaries of

architecture itself were shifting at the end of the twentieth century the perception of architectural drawings was also shifting they began to be seen as autonomous objects outside the process of building In *Drawing on Architecture* Jordan Kauffman offers an account of how architectural drawings promoted by a network of galleries and collectors exhibitions and events emerged as aesthetic objects and ultimately attained status as important cultural and historical artifacts and how this was both emblematic of changes in architecture and a catalyst for these changes Kauffman traces moments of critical importance to the evolution of the perception of architectural drawings beginning with exhibitions that featured architectural drawings displayed in ways that did not elucidate buildings but treated them as meaningful objects in their own right When architectural drawings were seen as having intrinsic value they became collectible and Kauffman chronicles early collectors galleries and sales He discusses three key exhibitions at the Leo Castelli Gallery in New York other galleries around the world that specialized in architectural drawings the founding of architecture museums that understood and collected drawings as important cultural and historical artifacts and the effect of the new significance of architectural drawings on architecture and architectural history *Drawing on* interviews with more than forty people directly involved with the events described and on extensive archival research Kauffman shows how architectural drawings became the driving force in architectural debate in an era of change Joyce in the Belly of the Big Truck; Workbook Joyce A.
