Sounds Like A Melody:

Nature, 1886 **The Girlfriend** Noelle Adams, 2022-09-26 My three priorities for this year are to finish my PhD avoid emotional drama and earn some extra money so when Steve hires me to act like his girlfriend for an extended business trip I don't hesitate to sign the contract After all the job will be easy I can join him for the occasional dinner pretend to adore him and still have plenty of time to focus on my academic work I'm used to working with rich entitled men so I'm not worried about handling him Except Steve is nothing I expect He's brilliant and funny and has emotional depths that keep surprising me And he's hot Definitely hot I'm starting to want more from him than this job allows so avoiding emotional drama might not be in the cards for me this year I work for Companions for Hire which means sex is against the rules and falling in love is out of the question The Girlfriend is the first book in the Companions for Hire series about a company that provides a variety of social partners for a price **Monster High** Lisi Harrison, 2010-09-01 From Lisi Harrison the New York Times bestselling author of The Clique and Alphas comes a new series with a fresh twist on high school romance and the horrors of trying to fit in The monster community has kept a low profile at the local high school but when two new girls enroll the town will never be the same Created just fifteen days ago Frankie Stein is psyched to trade her father's formaldehyde smelling basement lab for parties and prom But with a student body totally freaked out by rumors of monsters stalking the halls Frankie learns that high school can be rough for a chic freak like her She thinks she finds a friend in fellow new student Melody Carver but can a normie be trusted with her big secret *Nature* Sir Norman Lockyer, 1886 12 Am N.
