*The World Factbook 2016-17* Government Publications Office, 2016-08-18 The World Factbook provides information on the history people government economy geography communications transportation military and transnational issues for 267 world entities The World Factbook Reference tab includes maps of the major world regions as well as Flags of the World a Physical Map of the World a Political Map of the World a World Oceans map and a Standard Time Zones of the World map This annual edition also covers information about country profiles and country comparisons It would make an excellent and useful resource for world geography research papers and international relations classes that may study the people history and communication patterns of other countries Researching the Military Helena Carreiras, Celso Castro, Sabina

Frederic, 2016-03-02 *Researching the Military* focuses on the experiences of researchers who study the military around the world It explores the historical social institutional and personal factors that frame research and scrutinize the way knowledge in this area impacts society and policy More than merely analyzing research experiences yet necessarily including them it is also about the experiences of researchers their position with regard to the object of their studies the institutional context where they work and the way their research impacts the academic and policy making fields in the respective countries The common theme to the various chapters is reflexivity a conscious effort at addressing the conditions of research and the position of the researcher and the research participants in that interface By collecting diverse experiences of researchers from across the world this volume aims to enhance reflexivity in the field of military studies and to encourage the exchange of knowledge between the academic field and the military arena This book will be of much interest to students of military studies research methods sociology social anthropology and security studies in general **'Africa Forms the Key'**

Suryakanthie Chetty, 2021-01-04 This book examines the work of prominent South African geologist Alex Du Toit as a means of understanding the debate around continental drift both in segregation era South Africa and internationally It contextualises Du Toit's work within a particularly formative period of South African science from the paleoanthropological discoveries that sparked debates about the origins of humankind to Jan Smuts' own theory of holism Beyond South African scientific discoveries the book sets Du Toit's work against a backdrop of ideological struggles over space both domestically in terms of segregation and nationalism as well as internationally as South Africa sought to assert its position within the Commonwealth These debates were embodied by Du Toit's work on the theory of continental drift which put Africa and South Africa at the centre geologically and geographically The author also focuses on the divisions in geology caused by drift theory tracing the vigorous intellectual debate and dissent indicative of the ideological milieu within which scientific thought is constructed It traces the history of continental drift from its inception in the nineteenth century and later work of Alfred Wegener which was both elaborated upon and substantiated by Du Toit The study further focuses on Du Toit's research on continental drift in South African and South America and the geological fossil and climatological evidence used to bolster this

theory     **The World Factbook** ,2016     **Contemporary Issues in South African Military Psychology** Nicole Dodd,Petrus C. Bester,Justin van der Merwe,2020-05-13 Contemporary Issues in South African Military Psychology is a well timed extremely thought provoking imperative particular to the African context and deals with a highly contemporary issue within the people management and the management studies fields specifically in the military field and context This is specifically of importance as military psychology is a behavioural science that combines theory and practical application Prof Karel Stanz University of Pretoria     *Special Operations Success* James D. Kiras,2024-10-24 Special Operations Success establishes a new benchmark in military theory in this deeply analytic and innovative work It answers several pressing questions How successful have American special operations been over the past quarter century Are special forces fated to cycles of expansion and misuse Will special forces invariably exceed the authorities granted to them because of they are Is a general theory of special operations feasible given the range of activities and conditions that fall under the category Kiras work is based on two decades of practical teaching and consulting experience within different special operations communities and its analysis and conclusions are designed to inform practitioners policymakers educators and the general public The book develops a framework in the form of a theory comprising capabilities and control for the comprehensively evaluating special operations success and is divided into three parts Part I lays the foundation for a general theory of special operations Part II explores the two component parts of theory capabilities and control and Part III uses various aspects of the theory depending on available information to assess the success of special operations over a twenty year period in the United Kingdom South Africa and the United States     **South Africa's Post-Apartheid Military** Lindy Heineken,2020-01-01 This timely book examines how the South African National Defence Force has adapted to the country s new security political and social environment since 1994 In South Africa s changed political state how has civilian control of the military been implemented and what does this mean for defence in a democracy This book presents an overview of the security environment how the mission focus of the military has changed and the implications for force procurement force preparation force employment and force sustainability The author addresses other issues such as the effect of integrating former revolutionary soldiers into a professional armed force the effect of affirmative action on meritocracy recruitment and retention military veterans looking at the difficulties they face in reintegrating back into society and finding gainful employment gender equality and mainstreaming the rise of military unions and why a confrontational instead of a more corporatist approach to labour relations has emerged HIV AIDS and the consequences this holds for the military in terms of its operational effectiveness In closing the author highlights key events that have caused the SANDF to become lost in transition and transformation spelling out some lessons learned The conclusions she draws are pertinent for the future of defence security and civil military relations of countries around the world     **The Handbook of African Defence and Armed Forces** Evert Kleynhans,Marco Wyss,2025-03-01 The Handbook of African Defence and Armed Forces provides the

first in depth and multifaceted analysis of the evolution and current state of national defence policies strategies doctrines capabilities security challenges and strategic responses of African states and their armed forces Geographically these aspects are investigated at the national sub regional and regional levels Chronologically they are analysed against the backdrop of the superpower withdrawal from the continent in the 1990s and the so called New Scramble for Africa which has seen a crescendo of renewed great power interest in the continent s resources as well as its strategic role location and relevance since the 2000s The book takes a bottom up and African centric approach and is organized around five key themes i the differing security outlooks and defence policies of African powers within the region and the different sub regions ii the strategies doctrines transformation and employment of African armed forces iii the relationship between African armed forces with sub regional regional and international organizations iv the challenges that African states and their armed forces have been facing and their strategic responses and v the position of African perspectives and agency in the context of continental and international security and defence Understanding African security and defence especially in terms of each individual nation s ability to contribute to peacekeeping operations counterterrorism border security and internal security requires a focus on the national level of armed forces and defence policies this in turns sheds light on sub regional and regional divergences challenges and cooperation Based on this framework the chapters in this volume offer comprehensive African perspectives on African and international security and defence and in doing so show the agency of the continent s countries and armed forces in International Security and Relations
