Project Management Manual NZ Transport Agency, 2010 **AASHTO Transportation Asset Management Guide**
American Association of State Highway and Transportation Officials, 2011 Aims to encourage transportation agencies to address strategic questions as they confront the task of managing the surface transportation system Drawn from both national and international knowledge and experience it provides guidance to State Department of Transportation DOT decision makers as well as county and municipal transportation agencies to assist them in realizing the most from financial resources now and into the future preserving highway assets and providing the service expected by customers Divided into two parts Part one focuses on leadership and goal and objective setting while Part two is more technically oriented Appendices include work sheets and case studies *Guide to Performance-Based Road Maintenance Contracts* Asian Development Bank, 2018 This guide serves as a reference for implementing performance based road maintenance contracts in Central Asia Regional Economic Cooperation CAREC countries to promote effective and efficient maintenance of road networks Road asset management is one of the top priorities of the Central Asia Regional Economic Cooperation CAREC Transport and Trade Facilitation Strategy 2020 The implementation of performance based road maintenance contracts PBCs an essential element of road asset management promotes effective and efficient maintenance of road networks Well designed PBCs keep roads in predefined good condition at relatively low cost This guide aims to help policy makers in CAREC member countries understand and implement PBCs After a brief history of the development of PBCs it discusses the various types of PBCs and their relative advantages and disadvantages It highlights PBC implementation in selected developed developing and transitional countries including CAREC member countries to illustrate best practices New Mobilities Todd Litman, 2021-06-17 In *New Mobilities Smart Planning for Emerging Transportation Technologies* transportation expert Todd Litman examines 12 emerging transportation modes and services that are likely to significantly affect our lives bike and carsharing micro mobilities ridehailing and micro transit public transit innovations telework autonomous and electric vehicles air taxis mobility prioritization and logistics management Public policies around New Mobilities can either help create heaven a well planned transportation system that uses new technologies intelligently or hell a poorly planned transportation system that is overwhelmed by conflicting and costly unhealthy and inequitable modes His expert analysis will help planners local policymakers and concerned citizens to make informed choices about the New Mobility revolution Public Investment Management Reference Guide Jay-Hyung Kim, Jonas Arp Fallov, Simon Groom, 2020-03-03 The Public Investment Management PIM Reference Guide aims to convey country experiences and good international practices as a basis for decisions on how to address a country specific PIM reform agenda The country references are drawn largely from previous diagnostics and technical assistance reports of the World Bank The application of country diagnostics and assessments has revealed a need to address the following issues when undertaking a country reform in PIM Clarification of

the definition and scope of public investment and public investment management Establishment of a sound legal regulatory and institutional setting for PIM making sure it is linked to the budget process Allocation of roles and responsibilities for key players in PIM across government Strengthening of guidance on project preappraisal appraisal and selection prioritization procedures and deepening of project appraisal methodologies Integration of strategic planning project appraisal selection and capital budgeting Management of multiyear capital budget allocations and commitments Efforts to address effective implementation procurement and monitoring of projects Strengthening of asset management and ex post evaluation Integration of PIM and public private partnership PPP in a unified framework Rationalization and prioritization of the existing PIM project portfolio Development of a PIM database and information technology in the form of a PIM information system

The PIM Reference Guide does not seek to provide definitive answers or standard guidance for the common PIM issues facing countries Nor does it seek to provide a detailed template for replication across countries this would be impossible given the diversity of country situations Instead each chapter begins with an overview of the specific reform issue lists approaches and experiences from different countries and summarizes the references and good practices to be considered in designing country specific reform actions

Financial Management and Accounting in the Public Sector Gary Bandy, 2023-03-14 The importance of public financial management for the health and wellbeing of citizens became dramatically apparent as governments sought to respond to the coronavirus pandemic in 2020 Now governments and other public sector organizations face the challenge of recovering from the pandemic whilst also seeking to achieve Sustainable Development Goals with squeezed budgets and ever increasing demands for public services Public sector managers are confronted daily with targets and demands that are often set in confusing accounting and financial language In Financial Management and Accounting in the Public Sector Gary Bandy employs a clear and concise narrative to introduce the core concepts of public financial management to help those managers to deliver programmes projects and services that are value for money As the author puts it managing public money is an art not a science This third edition has been revised and updated throughout offering a structure that is more clearly linked to the stages of the public financial management cycle greater coverage of transparency and accountability issues a broader view of public procurement to include goods works and services and effective contract management and an increased focus on public spending in the context of a post COVID environment With a glossary of terms to help managers understand and be understood by accountants as well as learning objectives discussion questions and exercises this practical textbook will help students of public management and administration to understand the financial and accounting aspects of managing public services
