*Mexicano and Latino Politics and the Quest for Self-Determination* Armando Navarro, 2015-01-08 This book examines the current status of Mexicano and Latino politics in the United States Political scientist and community activist Armando Navarro maintains that both represent a dysfunctional and failed mode of politics attributable to their system maintenance and mainstream ideological orientation and approach As colonial agents they protect both a United States that is decaying and declining and the degenerative liberal capitalist system Navarro argues that the United States is not a representative democracy but in fact is a White Corpocratic Dictatorship controlled by Capital which is evolving into a Fascist State The book provides an in depth analysis and contention that Mexicanos and Latinos in Aztlan Southwest are an occupied and internal colonized people It argues they are the Palestinians and Kurds of the United States His supposition is sustained by the book's profiles of Mexicano political history demography socioeconomics electoral politics immigration and the Triad Crisis e g Second Great Depression Global Economic Crisis and Global Capitalist Crisis Each chapter provides the justification and case for Navarro's two unique alternative change models applicable to today's bankrupt and failed Mexicano and Latino Politics in the twenty first century The preferred model is Aztlan's Politics of a Nation Within a Nation APNWN which is based on the models of the Mormon Nation of Utah and that of French Quebec Navarro therefore calls for the reformation of the United States liberal capitalist system by way of social democracy for the empowerment of Mexicanos and Latinos His second model is Aztlan's Politics of Separatism APS which offers two strategic options 1 Aztlan Southwest becoming a separate and sovereign nation state or 2 its reannexation and re integration with Mexico Navarro outlines a plan of action for building a New Movement designed to attain APNWN or APS In addition several ominous forecasts are made such as the United States being in a state of decline and no longer a hegemonic superpower due to the rise of a multi polar world Moreover Navarro attributes the United States decline to the inherent contradictions of global capitalism His sobering message is that if the current economic conditions are left unchanged this will produce an End of Times scenario the unleashing of the Four Horseman of the Apocalypse

**The Places of Modernity in Early Mexican American Literature, 1848-1948** José F. Aranda Jr., 2022-02-2023 Choice Outstanding Academic Title In *The Places of Modernity in Early Mexican American Literature 1848-1948* José F. Aranda Jr. describes the first one hundred years of Mexican American literature. He argues for the importance of interrogating the concept of modernity in light of what has emerged as a canon of earlier pre-1968 Mexican American literature. In order to understand modernity for diverse communities of Mexican Americans, he contends one must see it as an apprehension both symbolic and material of one settler colonial world order giving way to another more powerful colonialist but imperial vision of North America. Letters, folklore, print culture, and literary production demonstrate how a new Anglo American political imaginary revised and realigned centuries-old discourses on race, gender, class, religion, citizenship, power, and sovereignty. The modern Aranda argues makes itself visible in cultural productions being foisted on a conquered people who were themselves beneficiaries of a notion of the modern that began in 1492. For Mexican Americans, modernity is less about any particular angst over global imperial designs or cultures of capitalism and more about becoming the subordinates of a nation-building project that ushers the United States into the twentieth century.

*Texas Mexican Americans & Postwar Civil Rights* Maggie Rivas-Rodríguez, 2015-07-15 This volume recounts three Civil Rights victories that typify the work done by Mexican American veterans of WWII. It led the struggle across Texas. After World War II, Mexican American veterans returned home to lead the civil rights struggles of the fifties, sixties, and seventies. Many of their stories have been recorded by the Voces Oral History Project, founded and directed by Maggie Rivas Rodríguez at the University of Texas at Austin School of Journalism. In this volume, Rivas Rodríguez draws upon the vast resources of the Voces Project as well as other archives to tell the stories of three little-known advancements in Mexican American civil rights. The first story recounts the successful effort led by parents to integrate the Alpine Texas public schools in 1969, fifteen years after the US Supreme Court ruled that separate schools were inherently unconstitutional. The second describes how El Paso's first Mexican American mayor, Raymond Telles, quietly challenged institutionalized racism to integrate the city's police and fire departments, thus opening civil service employment to Mexican Americans. The final account details the early days of the Mexican American Legal Defense and Educational Fund (MALDEF) from its incorporation in San Antonio in 1968 until its move to San Francisco in 1972.

*Texas Mexican Americans and Postwar Civil Rights* Maggie Rivas-Rodríguez, 2015-07-15 After World War II, Mexican American veterans returned home to lead the civil rights struggles of the fifties, sixties, and seventies. Many of their stories have been recorded by the Voces Oral History Project, formerly the U.S. Latino/Latina World War II Oral History Project, founded and directed by Maggie Rivas Rodríguez at the University of Texas at Austin School of Journalism. In this volume, she draws upon the vast resources of the Voces Project as well as archives in other parts of the country to tell the stories of three little-known advancements in Mexican American civil rights. the Southwest One records the successful effort led by parents to integrate the Alpine Texas public schools in 1969 fifteen years after the U S Supreme Court ruled that separate schools were inherently unconstitutional The second describes how El Paso s first Mexican American mayor Raymond Telles quietly challenged institutionalized racism to integrate the city s police and fire departments thus opening civil service employment to Mexican Americans The final account provides the first history of the early days of the Mexican American Legal Defense and Educational Fund MALDEF and its founder Pete Tijerina Jr from MALDEF s incorporation in San Antonio in 1968 until its move to San Francisco in 1972 *Red and Yellow, Black and Brown* Joanne L.
