Rccg Sunday Manual:

Pentecostalism and Politics in Africa Adeshina Afolayan, Olajumoke Yacob-Haliso, Toyin Falola, 2018-06-29 As the epicenter of Christianity has shifted towards Africa in recent decades Pentecostalism has emerged as a particularly vibrant presence on the continent This collection of essays offers a groundbreaking study of the complex links between politics and African Pentecostalism Situated at the intersection between the political the postcolonial and global neoliberal capitalism contributors examine the roots of the Pentecostal movement s extraordinary growth how Pentecostalism intervenes in key social and political issues such as citizenship party politics development challenges and identity and conversely how politics in Africa modulate the Pentecostal movement Pentecostalism and Politics in Africa offers a wide ranging picture of a central dimension of postcolonial African life opening up new directions for future research **Handbook of Megachurches**

Stephen J. Hunt, 2019-11-26 The megachurch is an exceptional recent religious trend certainly within Christian spheres Spreading from the USA megachurches now reached reach different global contexts The edited volume Handbook of Megachurches offers a comprehensive account of the subject from various academic perspectives **THE WONDERS OF PRAISE** O. V. O. AYOOLA, 2014-09-22 *The African Christian Diaspora* Afe Adogame, 2013-04-24 The last three decades have witnessed a rapid proliferation of African Christian communities particularly in Europe and North American diaspora thus resulting in the remapping of old religious landscapes This migratory trend and development bring to the fore the crucial role functions and import of religious symbolic systems in new geo cultural contexts The trans national linkages between African led churches in the countries of origin Africa and the host societies are assuming increasing importance for African immigrants The links and networks that are established and maintained between these contexts are of immense religious cultural economic political and social importance This suggests how African Christianities can be understood within processes of religious transnationalism and African modernity Based on extensive religious ethnography undertaken by the author among African Christian communities in Europe the USA and Africa in the last 17 years this book maps and describes the incipience and consolidation of new brands of African Christianities in diaspora The book demonstrates how African Christianities are negotiating and assimilating notions of the global while maintaining their local identities **A New**

Paradigm of Pentecostal Power Asonzeh F. K. Ukah, 2008 Ukah describes with great historical and sociological incisiveness one of the prime movers of this transformation the Redeemed Christian Church of God RCCG which has more than 10 000 congregations in more than 80 countries around the world Spirit and Power Donald E. Miller, Kimon H. Sargeant, Richard Flory, 2013-08-15 An exploration of the global growth and social and political impact of Pentecostalism

Nigerian Pentecostalism and Development Richard Burgess, 2020-04-06 This book examines the contributions both intentional and unintentional of Nigerian Pentecostal churches and NGOs to development studying their development practices broadly in relation to the intersecting spheres of politics economics health education human rights and

peacebuilding In sub Saharan Africa Pentecostalism is fast becoming the dominant expression of Christianity but while the growth and civic engagement of these churches has been well documented their role in development has received less attention The Nigerian Pentecostal landscape is one of the most vibrant in Africa Churches are increasingly assuming more prominent roles as they seek to address the social and moral ills of contemporary society often in fierce competition with Islam for dominance in Nigerian public space Some scholars suggest that the combination of an enchanted worldview an emphasis on miracles and prosperity teaching and a preoccupation with evangelism discourages effective political engagement and militates against development However Nigerian Pentecostalism and Development argues that there is an emerging movement within contemporary Nigerian Pentecostalism which is becoming increasingly active in development practices This book goes on to explore the increasingly transnational approach that churches take often seeking to build multicultural congregations around the globe for instance in Britain and the United States Nigerian Pentecostalism and Development Spirit Power and Transformation will be of considerable interest to scholars and students concerned with the intersection between religion and development and to development practitioners and policy makers working in the region

Homosexuality in Africa Adriaan van Klinken,Ezra Chitando,2016-04-14 Issues of same sex relationships and gay and lesbian rights are the subject of public and political controversy in many African societies today Frequently these controversies receive widespread attention both locally and globally such as with the Anti Homosexuality Bill in Uganda In the international media these cases tend to be presented as revealing a deeply rooted homophobia in Africa fuelled by religious and cultural traditions But so far little energy is expended in understanding these controversies in all their complexity and the critical role religion plays in them This is the first book with multidisciplinary perspectives on religion and homosexuality in Africa It presents case studies from across the continent from Egypt to Zimbabwe and from Senegal to Kenya and covers religious traditions such as Islam Christianity and Rastafarianism The contributors explore the role of religion in the politicisation of homosexuality investigate local and global mobilisations of power critically examine dominant religious discourses and highlight the emergence of counter discourses Hence they reveal the crucial yet ambivalent public role of religion in matters of sexuality social justice and human rights in contemporary Africa **Manual for Sojourners** Samson Liao Uytanlet,Juliet

Lee Uytanlet,2023-04-26 Peter reads the messages originally addressed by God to sojourners in the Old Testament as the

same messages God had for the sojourning believers of Peter's generation. No wonder Peter used these same exhortations to instruct first century believers in the diaspora. For Peter the Old Testament was their Scripture. For us today the Old Testament and New Testament are our Scripture. God's messages for the faithful sojourners in the Old Testament and New Testament are the same message he has for sojourners of all generations including ours.

Transnational Religious Spaces Philip Clart, Adam Jones, 2020-07-06 This volume bringing together work by scholars from Europe East Asia North America and West Africa investigates transnational religious spaces in a comparative manner by juxtaposing East Asian and African examples. It highlights flows of ideas actors and organizations out of into or within a given continental space. These flows are patterned mainly by colonialism or migration. The book also examines cases where the transnational space in question encompasses both East Asia and Africa notably in the development of Japanese new religions in Africa. Most of the studies are located in the present a few go back to the late nineteenth century. The volume is rounded off by Thomas Tweed's systematic reflections on categories for the study of transnationalism his chapter *Flows and Dams* critically weighs the metaphorical language we use to think speak and write about transnational religious spaces.

Handbook on Mortgage Law and Banking in Nigeria Maiyaki, 2012-09-05 The challenge of housing the citizenry has remained the intractable burden of most governments. The strategies employed by the respective governments are wide and diverse. What matters is the end result. The Nigerian government has been engaged in different forms of experiments from the precolonial days to date towards meeting this ever increasing demand. With rising population and shrinking resources available to governments around the world the option of partnering the private sector in a practical way became inevitable in order to meet targeted housing stock. The Nigerian government through the instrument of the National Housing Policy with its two pronged strategy set to overcome this challenge. The Housing Policy was widely applauded as a unique housing

compendium and an ingenious housing delivery mechanism However so many years after the housing fortune of Nigerians has weaned and is critically on the precipice This book examines the inherent weaknesses in the legal and institutional framework with a view to jump starting the housing sector which is currently comatose *20 Pentecostal Pioneers in Nigeria* Israel O.
