Beyond Text Jennifer Buckley, 2019-10-09 Taking up the work of prominent theater and performance artists *Beyond Text* reveals the audacity and beauty of avant garde performance in print With extended analyses of the works of Edward Gordon Craig German expressionist Lothar Schreyer the Living Theatre Carolee Schneemann and Guillermo Gómez-Peña the book shows how live performance and print aesthetically revived one another during a period in which both were supposed to be in a state of terminal cultural decline While the European and American avant gardes did indeed dismiss the dramatic author they also adopted print as a theatrical medium altering the status form and function of text and image in ways that continue to impact both the performing arts and the book arts *Beyond Text* participates in the ongoing critical effort to unsettle conventional historical and theoretical accounts of text performance relations which have too often been figured in binary chronological from page to stage or hierarchical terms Across five case studies spanning twelve decades *Beyond Text* demonstrates that print as noun and verb has been integral to the practices of modern and contemporary theater and performance artists

A Time of One's Own Catherine Grant, 2022-08-29 In *A Time of One's Own*, Catherine Grant examines how contemporary feminist artists are turning to broad histories of feminism, ranging from political organizing and artworks from the 1970s to queer art and activism in the 1990s. Exploring artworks from 2002 to 2017 by artists including Sharon Hayes, Mary Kelly, Allyson Mitchell, Deirdre Logue, Lubaina Himid, Pauline Boudry, and Renate Lorenz, Grant maps a revival of feminism that takes up the creative and political implications of forging feminist communities across time and space. Grant characterizes these artists' engagement with feminism as a fanish, autodidactic, and collective form of learning from history. This fandom of feminism allows artists to build relationships with previous feminist ideas, artworks, and communities that reject a generational model and embrace aspects of feminism that might be seen as embarrassing, queer, or anachronistic. Accounting for the growing interest in feminist art, politics, and ideas across generations, Grant demonstrates that for many contemporary feminist artists, the present moment can only be understood through an embodied engagement with history in which feminist pasts are reinhabited and reimagined.
