How Then Shall We Guide? Jimmy Boon-Chai Tan, 2023-05-25 There has been a marked increase of interest in the art of spiritual

direction in recent decades Yet in many circles especially in ecumenical and interfaith contexts it is unclear what grounds the practice of this ancient art As a tradition's practice of spiritual direction expresses its particular theology which in turn is shaped by its unique history this work explains that ecumenical spiritual direction must make and retain the tri perspective of history theology and method that faithfully reflects each tradition's distinctives as requisite for true ecumenical enrichment The importance of this trinocular vision is brought into sharp focus through a comparative study of Ignatius of Loyola and John Calvin where points of continuity and discontinuity between the Ignatian and Reformed traditions underscore the importance of this work's thesis Trekking Toward Wholeness Stephen P. Greggo, 2008-09-23 Stephen Greggo presents a resource for trained leaders of ministry care groups in a variety of church related contexts Its purpose is to assist group leaders in facilitating the development of healing transforming relationships in the group setting

Spiritual Theology Simon Chan, 2025-10-14 Academy of Parish Clergy Top Ten Book Theology is the doctrine of living unto God wrote the Puritan theologian William Ames Unfortunately post Enlightenment theology has tended to divorce doctrine from living unto God And to the degree that this split has been deepened and perpetuated both theology and spirituality have been impoverished Spiritual Theology is a rare book In it Simon Chan surveys the little explored landscape where systematic theology and godly praxis meet highlighting the connections between Christian doctrine and Christian living and drawing out the spiritual implications of particular aspects of systematic theology Allowing rational formulations to drop into the background he brings the mystery of the faith to the fore Chan begins with the principal doctrines of God sin salvation and the church He then progresses to a reflective consideration of the practice of the spiritual life from prayer to spiritual direction Unabashedly evangelical and truly ecumenical Chan grounds his exploration in the sources of the Protestant Catholic and Orthodox traditions His work is well abreast of contemporary theological currents and crossculturally conversant from an Asian perspective Spiritual Theology is a book for those who care deeply about theology and spirituality and strive to integrate the two It is well worth careful reflection and prayerful reading
