[A translation of "L'Esprit de Spinoza" by Lucas, a physician at the Hague.] Benedictus de Spinoza, 1787 *The Philosophy of Spinoza as Contained in the First, Second, and Fifth Parts of the "Ethics" and in Extracts from the Third and Fourth* Benedictus de Spinoza, 1892

The Collected Works of Spinoza, Volume II Benedictus de Spinoza, 2016-06-13

The second and final volume of the most authoritative English language edition of Spinoza's writings. *The Collected Works of Spinoza* provides for the first time in English a truly satisfactory edition of all of Spinoza's writings with accurate and readable translations based on the best critical editions of the original language texts done by a scholar who has published extensively on the philosopher's work. The centerpiece of this second volume is Spinoza's *Theological Political Treatise*, a landmark work in the history of biblical scholarship, the first argument for democracy by a major philosopher, and a forceful defense of freedom of thought and expression. This work is accompanied by Spinoza's later correspondence, much of which responds to criticism of the *Theological Political Treatise*. The volume also includes his last work, the unfinished *Political Treatise*, which builds on the foundations of the *Theological Political Treatise* to offer plans for the organization of nontyrannical monarchies and aristocracies. The elaborate editorial apparatus, including prefaces, notes, glossary, and indexes, assists the reader in understanding one of the world's most fascinating but also most difficult philosophers. Of particular interest is the glossary index, which provides extensive commentary on Spinoza's technical vocabulary. A milestone of scholarship, more than forty-five years in the making, *The Collected Works of Spinoza* is an essential edition for anyone with a serious interest in Spinoza or the history of philosophy.

Baruch Spinoza Jules Simon, 2016-01-08

Spinoza inconnu pendant sa vie, il est encore plus après sa mort. Cette longue mal diction qui s'attache à sa mémoire a sauvé son nom de l'oubli sans populariser sa doctrine. Rejeté par sa nation, traité en ennemi public, maudit par son siècle, il n'a pas trouvé plus de justice dans la postérité et malgré la pureté et le désintéressement de sa vie, malgré son sincère et puissant amour pour la vérité, malgré son courage, malgré son génie, les fatales conséquences de son système persistent sur sa renommée et dans la proscription de la philosophie panthéiste. On enveloppe le nom de Spinoza.

Spinoza Benjamin De Casseres, 1932 Spinoza: A Very Short Introduction Roger Scruton, 2002-05-30

Benedict de Spinoza 1632-77 was at once the father of the Enlightenment and the last sad guardian of the medieval world. In his brilliant synthesis of geometrical method, religious sentiment, and secular science, he attempted to reconcile the conflicting moral and intellectual demands of his epoch and to present a vision of humanity as simultaneously bound by necessity and eternally free. In this book, Roger Scruton presents a clear and systematic analysis of Spinoza's thought and shows its
