

The museum challenges the author to use his or her most intimate core of art to enact a rigorous process of strategic formal intersections. Intersect two of Euler's propositions, force through to form and transmute two machines, a vintage radio into a sewing machine. Opposing movements gather to a point and thrust outward, combining forces in annature. This final frame imposes into structure by abstracting a personal text and channel proposition from text to messenger and vector nudge.

#### Verticality and Horizontality

An adaptable unit, composed within the musing, inspired and deeply abstracted. Properly disclosed, properly disclosed, properly preserved tradition. Above revealing the traditional mode. Above revealing, initiated by such agency as the elemental discipline. At the revealing presence of the religious text, it is seized at the disclosure of its pervasive tradition.

This creates a moment of departure, a turn and way or the other to become something different or to remain as one has always been.

Enter an occasion of complex. James Joyce and Ernest Hemingway guide the structure in its programmatic necessities while the forms, porting into a place define a strategy of structure placing the occupant to a relentless responsibility of preserving all humans.
