**Usman A. Tar**

## **South African Military Training Programme 2015 2016:**

**State, Foreign Operations, and Related Programs Appropriations for 2015** United States. Congress. House. Committee on Appropriations. Subcommittee on State, Foreign Operations, and Related Programs, 2014

**South Africa's Post-Apartheid Military** Lindy Heineken, 2020-01-01 This timely book examines how the South African National Defence Force has adapted to the country's new security political and social environment since 1994. In South Africa's changed political state, how has civilian control of the military been implemented and what does this mean for defence in a democracy? This book presents an overview of the security environment, how the mission focus of the military has changed and the implications for force procurement, force preparation, force employment and force sustainability. The author addresses other issues such as the effect of integrating former revolutionary soldiers into a professional armed force, the effect of affirmative action on meritocracy, recruitment and retention, military veterans looking at the difficulties they face in reintegrating back into society and finding gainful employment, gender equality and mainstreaming the rise of military unions and why a confrontational instead of a more corporatist approach to labour relations has emerged. HIV/AIDS and the consequences this holds for the military in terms of its operational effectiveness. In closing, the author highlights key events that have caused the SANDF to become lost in transition and transformation, spelling out some lessons learned. The conclusions she draws are pertinent for the future of defence security and civil military relations of countries around the world.

**Making and Shaping the Law of Armed Conflict** Sandesh Sivakumaran, Christian R. Burne, 2024 This volume in the Lieber Studies series explores how the law of armed conflict is made and shaped. It examines the fundamental materials of the law of armed conflict, key actors and influences, the spaces where the law is made as well as questions of unmaking.

**U.S. Security Cooperation with Africa** Robert J. Griffiths, 2016-04-14 As Africa's strategic importance has increased over the past decade and a half, United States security cooperation with the continent has expanded. The most visible dimension of this increased engagement was the establishment of the U.S. Military Command for Africa (AFRICOM). Some critics are skeptical of AFRICOM's purpose and see the militarization of U.S. Africa policy, while others question its effectiveness. Recognizing the link between development and security, AFRICOM represents a departure from the traditional organization of military commands because of its holistic approach and the involvement of the Department of State as well as other U.S. government stakeholders. Nevertheless, AFRICOM's effort to combine security and development faces formidable conceptual and operational challenges in trying to ensure both American and African security interests. The human security perspective's emphasis on issues that go beyond traditional state-centered security to include protecting individuals from threats of hunger, disease, crime, environmental degradation and political repression as well as focusing on social and economic justice is an important component of security policy. At the same time, the threat of violent extremism heavily influences U.S. security cooperation with Africa. In this examination of the context of U.S. African security relations, Robert J. Griffiths outlines the nature of the

African state traces the contours of African conflict surveys the post independence history of U S involvement on the continent and discusses policy organization and implementation and the impact of U S experiences in Iraq and Afghanistan on the U S Africa security relationship Africa s continuing geostrategic significance the influence of China and other emerging markets in the region and America s other global engagements especially in light of U S fiscal realities demonstrate the complexity of U S African security cooperation Sociology in South Africa R. Sooryamoorthy,2016-08-13

This book is the first comprehensive account of the history and current state of South African sociology Providing a holistic picture of the subject both as it is taught in universities and as a field of research it reveals the trajectories of a discipline in a challenging socio political context With the support of historical and scientometric data it demonstrates how the changing political situation from colonialism to apartheid to democracy has influenced the nature direction and foci of sociological research in the country The author shows how during the apartheid era sociology was professionally fragmented and divided along language and race lines It was however able to flourish with the advent of democracy in 1994 and has become a unique academic movement This insightful work will appeal to students and scholars of the social sciences and all those interested in the history and society of South Africa **Exploring Economic Reintegration in Namibia. Individual Trajectories of**

**PLAN Ex-Fighters and SWAPO Exiles, 1989-2018** Tichaona Mazarire,2023-01-18 Exploring Economic Reintegration in Namibia Individual Trajectories of PLAN Ex Fighters and SWAPO Exiles 1989 2018 draws from life histories to present constraints and possibilities that have shaped former SWAPO exiles economic reintegration in post colonial Namibia from 1989 through 2018 The book advances three arguments each of which pushes beyond existing scholarship on Namibia and or economic reintegration broadly Collectively these arguments challenge dominant narratives that have generalized former SWAPO exiles economic reintegration experiences highlighting that there is no single narrative that can describe their unique life stories of reintegration in the post colony **Witness Protection and Criminal Justice in Africa** Suzzie

Oyakhire,2023-06-30 This book examines the concept of witness protection which is still at an early developmental stage in several African countries including Nigeria from a legal and institutional perspective Recent developments in Nigeria highlight the need to clarify legal and conceptual issues within the existing legal framework for protecting witnesses Using the Nigerian case study the book illustrates some obscurities inherent in the concept of witness protection These are highlighted around five critical areas the definition of witness protection the scope of beneficiaries requiring protection the nature of crimes necessitating protection the nature of protective measures and the administrative control of witness protection Specifically this book draws from the existing literature and practices of witness protection and adopts two distinct perspectives the criminal justice perspectives and human rights perspectives as heuristic tools for analysing the concept and to separate the disparate influences that shape how it is construed These distinctions are utilised throughout the book as an integrated way of conceptualising the concept of witness protection By discussing the practice of witness

protection within the Nigerian context the book contributes to African conversations on the topic of witness protection The clarifications made in this book are utilised in making normative proposals for developing a legal framework for witness protection in Nigeria They are also useful for other African countries interested in developing a witness protection framework as part of criminal justice reform This book will serve as a reference point for legal scholars researchers academics postgraduate students and policy makers interested in the concept of witness protection It would also be useful for courses concerned with comparative criminology where there is an interest in developments in the Global South

2024-25 UPSC CDS General Knowledge Solved Papers YCT Expert Team , 2024 25 UPSC CDS General Knowledge Solved Papers 400 795 E This book contains 22 sets of the previous solved papers and 2640 objective questions

Counter-Insurgency in Nigeria Akali Omeni, 2017-09-08 This book offers a detailed examination of the counter insurgency operations undertaken by the Nigerian military against Boko Haram between 2011 and 2017 Based on extensive fieldwork conducted with military units in Nigeria Counter Insurgency in Nigeria has two main aims First it seeks to provide an understanding of the Nigerian military s internal role a role that today as a result of internal threats pivots towards counter insurgency The book illustrates how organizational culture historical experience institutions and doctrine are critical to understanding the Nigerian military and its attitudes and actions against the threat of civil disobedience today and in the past The second aim of the book is to examine the Nigerian military campaign against Boko Haram insurgents specifically plans and operations between June 2011 and April 2017 Within this second theme emphasis is placed on the idea of battlefield innovation and the reorganization within the Nigerian military since 2013 as the Nigerian Army and Air Force recalibrated themselves for COIN warfare A certain mystique has surrounded the technicalities of COIN operations by the Army against Boko Haram and this book aims to disperse that veil of secrecy Furthermore the work s analysis of the air force s role in counter insurgency is unprecedented within the literature on military warfare in Nigeria This book will be of great interest to students of military studies counter insurgency counter terrorism African politics and security studies in general

Policing race, ethnicity and culture Jan Beek, Thomas Bierschenk, Annalena Kolloch, Bernd Meyer, 2023-03-28 How to deal with differences based on culture ethnicity and race has become a key issue of policing This edited collected explores everyday often mundane interactions between police officers and migrantised actors in European countries and asks how both sides deal with perceived differences The contributions reflect that such differences are not just out there but are being situationally re produced in police citizen encounters By taking a comparative approach the book develops a distinctly European perspective on these questions The book contains 12 ethnographies from ten European countries based on new and often innovative empirical research two theoretical contributions an introduction and a postface **The Statesman's Yearbook 2016** Nick Heath-Brown, 2017-02-07 Now in its 152nd edition The Statesman s Yearbook continues to be the reference work of choice for accurate and reliable information on every country in the world Covering political economic

social and cultural aspects the Yearbook is also available online for subscribing institutions [www.statesmansyearbook.com](http://www.statesmansyearbook.com)

**The UN at War** John Karlsrud, 2017-11-26 This book is a critical political and institutional reflection on UN peace operations. It provides constructive suggestions as to how the UN and the international system can evolve to remain relevant and tackle the peace and security challenges of the 21st century without abandoning the principles that the UN was founded upon and on which the legitimacy of UN peace operations rests. The author analyses the evolving politics on UN peace operations of the five veto powers of the UN Security Council as well as major troop contributing countries and western powers. He investigates the move towards peace enforcement and counter terrorism and what consequences this development may have for the UN. Karlsrud issues a challenge to practitioners and politicians to make sure that the calls for reform are anchored in a desire to improve the lives of people suffering in conflicts on the ground and not spurred by intra organizational turf battles or solely the narrow self interests of member states. Finally he asks how the UN can adapt its practices to become more field and people centered in line with its core primary commitments of protecting and serving people in need.

**Routledge Handbook of Counterterrorism and Counterinsurgency in Africa** Usman A. Tar, 2021-01-28 This book illustrates how Africa's defence and security domains have been radically altered by drastic changes in world politics and local ramifications. First the contributions of numerous authors highlight the transnational dimensions of counterterrorism and counterinsurgency in Africa and reveal the roles played by African states and regional organisations in the global war on terror. Second the volume critically evaluates the emerging regional architectures of countering terrorism insurgency and organised violence on the continent through the African Union Counterterrorism Framework AU CTF and Regional Security Complexes RSC. Third the book sheds light on the counterterrorism and counterinsurgency CT COIN structures and mechanisms established by specific African states to contain, degrade and eliminate terrorism insurgency and organised violence on the continent, particularly the successes, constraints and challenges of the emerging CT COIN mechanisms. Finally the volume highlights the entry of non state actors such as civil society volunteer groups, private security companies and defence contractors into the theatre of counterterrorism and counterinsurgency in Africa through volunteerism, community support for state led CT COIN Operations and civil military cooperation CIMIC. This book will be of use to students and scholars of security studies, African studies, international relations and terrorism studies and to practitioners of development, defence, security and strategy.

**South Africa's High-Stress Security Environment** Gerhard Schoeman, 2024-10-11 This book presents valuable insights into the realities faced by security personnel as they deal with life threatening situations in a high stress security environment. The causes and consequences of stress are explored, followed by a comprehensive discussion of coping strategies and the negative consequences of not being able to cope effectively. In this book a scientifically tested, accessible model is also developed which provides a visual overview of the stress management process and captures the flow between stressors, personality and coping strategies. South

Africa's High Stress Security Environment is a helpful guide for anyone who wants to gain a wider understanding and appreciation of the challenges and the courage of security personnel which we often take for granted. Print edition not for sale in Sub-Saharan Africa.

**Military Statecraft and the Rise of Shaping in World Politics** Kyle J. Wolfley, 2021-06-29  
 Winner of the Andrew F. Krepinevich Writing Award. A 2022 Choice Reviews Outstanding Academic Title. Selected for the Irregular Warfare Initiative's Inaugural Reading List 2022. In today's complex international environment, how do the United States, China, and Russia manage the return of great power competition as well as the persistent threat of violent non-state actors? This book explores shaping: the use of military power to construct a more favorable environment by influencing the characteristics of other militaries, altering the relationships between them, or managing the behavior of allies. As opposed to traditional strategies of warfighting or coercion, shaping relies less on threats, demonstrations, and uses of violence and more on attraction, persuasion, and legitimacy. Because shaping relies more on soft power than on hard power, this approach contradicts the conventional wisdom of the purpose militaries serve. Kyle J. Wolfley explores the emergence of shaping in classical strategy and its increased frequency following the end of the Cold War when threats and allies became more ambiguous. He illustrates the four logics of shaping: attraction, socialization, delegation, and assurance through five case studies of recent major military exercise programs led by the United States, China, India, the United Kingdom, and Russia. Moreover, the author reveals through sentiment analysis and statistics of over one thousand multinational exercises from 1980 to 2016 how major powers reacted to a complex international environment by expanding the number and scope of shaping exercises. Illuminating an understudied but surprisingly common tool of military statecraft, this book offers a fresh understanding of military power in today's competitive international system.

*African American Rural Education* Crystal R. Chambers, Loni Crumb, 2020-11-09. Despite comprising the largest minority in rural settings, the literature to date largely subsumes African American rural students into a broader set of students with a primarily urban focus. This volume focuses on the higher education pathways of rural African American students and highlights their experiences in US colleges and universities.

*Military Assistance on Request and the Use of Force* Erika De Wet, 2020-03-26. In countries such as Syria, Iraq, South Sudan, and Yemen, internationally recognized governments embroiled in protracted armed conflicts and with very little control over their territory have requested direct military assistance from other states. These requests are often accepted by the other states despite the circumvention of the United Nations Security Council and extensive violation of international humanitarian law and human rights. In this book, Erika De Wet examines the authority entitled to extend a request for or consent to direct military assistance as well as the type of situations during which such assistance may be requested, notably whether it may be requested during a civil war. Ultimately, De Wet addresses the question of if and to what extent the proliferation of military assistance on the request of a recognized government is changing the rules in international law applying to the use of force.

**Annual Report** South Africa. Department of Defence, 2016

**War and Intervention**

Michael V. Bhatia, 2003 Explains developments in recent peacekeeping operations and politico military environments Bridges the gap between peace and conflict scholarship Highlights new aspects of war studies Following over a decade of substantial and extensive American military involvement peace operations have passed from a position of strategic irrelevance to one of strategic importance War and Intervention provides a snapshot of the contemporary environment of peace operations in terms of both war and intervention It also answers two broad questions 1 What are key characteristics of armed competitors in the current environment of peace operations particularly in terms of their structure and organization financing access to military resources and the tactical tools and methods applied by these movements And 2 What are key recent developments in the dimensions and methods of intervention particularly regarding the use of force the adaptation of global militaries to peace operations and the emerging political legal and economic components of intervention War and Intervention allows readers from a range of domains military academic humanitarian political and diplomatic to understand the priorities and methods of different actors in today s peace operations

**The Handbook of the Law of Visiting Forces** Dieter Fleck, 2018-04-12 The legal position of visiting forces transcends domestic and international law and is of growing importance in our increasingly globalized and insecure world In area and out of area operations both for the purpose of establishing and maintaining peace and in connection with the conduct of other military operations and training are likely to become more frequent for a variety of reasons Finding where the applicable law places the balance between the interests sensitivities and needs of the host state and the requirements often practical in nature of the visiting force is a key objective in ensuring that the relationship between hosts and guests is and remains harmonious All of this must be achieved in an increasingly complex legal environment This fully updated second edition of The Handbook of the Law of Visiting Forces addresses the issues surrounding visiting forces and provides a full overview of the legal framework in which they operate Through an analysis of jurisprudence and historical developments it offers a comparative commentary to the UN NATO and other SOFA rules The Handbook then continues its analysis through cases studies of visiting forces in key countries including a fully updated chapter on Afghanistan that considers the various stages of the conflict before offering conclusions on the current state of the law and its likely future development

## Reviewing **South African Military Training Programme 2015 2016**: Unlocking the Spellbinding Force of Linguistics
