The U-2 Over the Soviet Union Dmitry

Degtev,2024-05-30 On 1 May 1960 a traditional military parade was held in Moscow What stood it out from the previous ones however was the number of missiles and in particular the ground to air anti aircraft variants that were present There was perhaps nothing surprising in this dominance of missiles for Nikita Khrushchev had already declared that the so called Rocket Troops were to be the main branch of the armed forces Not for nothing had the Politburo allocated huge sums of money and the best scientific minds to the on going development of these weapons and units In fact there was no fly past over the Red Square in 1960 as Khrushchev considered aircraft to be a dying species From then on it was being stated military aviation would be assigned little more than an auxiliary role in the defense of the Soviet Bloc Khrushchev s assessment of the future of aircraft was seemingly confirmed by an incident that occurred more than 1 000km to the east of Moscow For what the spectators and participants of the grand rocket parade did not know was that in one of the key events of the Cold War an American high altitude reconnaissance Lockheed U 2 jet had barely hours before been shot down over the Urals by one of the types of missiles that were passing before them Based on documents held in the CIA s archives declassified documents released by the Russian Ministry of defense and the memoirs of participants in the events in question this book explores the true story of the preparation implementation and consequences of the U 2 reconnaissance flights over the Soviet Union Eastern Europe and Cuba between 1956 and 1962 For the first time the author reveals the military plans that were activated in the Eastern Bloc to combat the U 2 missions and how the Soviets tried unsuccessfully to create a fighter interceptor to operate in the stratosphere This book also reveals which secret locations and objects were photographed by the U 2 including those which remained unidentified and investigates where the secret center of the Russian atomic project was actually located and whether the U 2 was able to find it What was the true reliability and value of the information received from America s U 2 operations The reader will discover which objects were confiscated from Francis

Gary Powers the pilot of the U 2 brought down following his capture and why was he had been issued with women s jewelry and watches before his fateful flight The Soviet view of the incursions by Powers and his fellow U 2 pilots is laid bare revealing just why the Powers name is as widely known in Russia as that of the cosmonaut Yuri Gagarin *Spy Flights of the Cold War* Paul Lashmar,1996 The author reveals the secret spyplane war which took place in the skies over Soviet Russia during the Cold War

Economic Democracy: The Political Struggle of the 21st Century J. W. Smith,2017-10-03 This title was first published in 1999 The author contends that economic democracy is the economic system the U S purports to have but has thus far failed to achieve because it like all the economic powers that have gone before seeks to control the economies of weaker nations It is the shocking lack of economic democracy and the efforts of so many to achieve it that fuels today s

conflicts and will fuel those of the 21st century To show how and why this comprehensive work provides a detailed analysis of the history of numerous aspects of the development of the Neo Mercantilist world economy the geopolitical systems put in place by the developed world to manage and perpetuate that economy and the numerous proposals and modeling plans that have been offered over the years for the achievement of economic democracy
