

Class Participation Rubric for Spanish 2

Dimensions	4 Excellent	3 Satisfactory	2 Below average	1 Unsatisfactory
<i>Preparation for Class</i>	I always brought my materials and assignments to class. I am always ready to work without being reminded by the teacher. I always arrive on time and have no unexcused absences.	I usually brought all materials and assignments to class. I am usually ready to work and when the bell rings.	I frequently "forget" to bring required materials to class. (And/Or) I am often not ready to begin when the bell rings. I removed <i>chicle</i> after class began.	I frequently have to ask to borrow materials. I am rarely ready to begin when the bell rings. I "forget" to remove <i>chicle</i> .
<i>Frequency of Participation</i>	I actively participated in all activities and discussions with a positive attitude. I took risks. My presence made a positive impact on getting tasks done.	I showed interest in activities and participated, though sometimes passively rather than actively. I sometimes took risks. My presence generally made a positive impact on getting tasks done.	My participation during class activities was usually minimal. I showed little interest during class activities. I took few risks. My contribution to the class was minimal.	I seldom put forth any effort during activities. My presence in class had little or no impact on accomplishing tasks.
<i>Focused/on-task during activities</i>	I am always on task during pair and group activities the entire time.	I complete most group and pair activities in allotted time.	I sometimes need to be reminded to stay on task during group or pair activities OR I carelessly rush through activities.	I give minimum effort during pair and group activities and I am often off task.
<i>Attention and respect to others</i>	I actively listen when the teacher and fellow students speak in Spanish. I showed respect for my classmates and my teacher.	I actively listen when the teacher speaks in Spanish. I rarely got distracted attention when others spoke. I was never disrespectful of my classmates or teacher.	I sometimes listen when the teacher speaks. I was often distracted when my classmates or teacher spoke (And/Or) I was disrespectful at times.	I "tune out" when the teacher begins speaking in Spanish. I rely on other students to tell me what to do in English (And/Or) I was disrespectful and distracting to others.
<i>Use of Spanish in Class</i>	I stayed in Spanish the entire class period. I volunteered to speak and regularly answered questions in Spanish. I respond in Spanish to everyone.	I occasionally used English without attempting to express myself in Spanish first. I volunteered to speak and answer questions in Spanish.	I generally used more English than Spanish and needed to be reminded to speak Spanish (And/Or) I did not volunteer or answer questions much.	I almost exclusively use English when talking with the teacher and classmates or I speak as little Spanish as possible during class, pair (And/Or) group activities or I don't speak at all.

Narrative Inquiry in Language Teaching and Learning Research Gary Barkhuizen, Phil Benson, Alice Chik, 2013-11-20 Narrative Inquiry in Language Teaching and

Learning Research provides an entry level introduction to research methods using stories as data or as a means of presenting findings that is grounded in published empirical research within the field of language teaching and learning. It discusses basic definitions and concepts in narrative inquiry, explains how and why narrative methods have been used in language teaching and learning research, and outlines the different approaches and topics covered by this research. It also examines the different ways of eliciting, analyzing, and presenting narrative inquiry data. Narrative inquiry offers exciting prospects for language teaching and learning research, and this book is the first focused and practical guide for readers who are interested in understanding or carrying out narrative studies. *Using ESL Students' First Language to Promote College Success*

Andrea Parmegiani, 2019-01-15. Emerging from a critical analysis of the global power of English and how it relates to academic literacy and culturally responsive pedagogy, this book presents translanguaging strategies for using ESL students' mother tongue as a resource for academic literacy acquisition and college success. Parmegiani offers a strong counterpoint to the English-only movement in the United States. Grounded in a case study of a learning community linking Spanish and English academic writing courses, he demonstrates that a mother tongue-based pedagogical intervention and the strategic use of minority home languages can promote English language acquisition and academic success. *The Beliefs and Experiences of World Language Teachers in the US*

Pamela M. Wesely, 2024-06-11. This book tells the stories of 15 world language (WL) teachers in the United States at elementary and secondary levels through rich descriptions of their lived worlds and experiences. In-depth interviews, extensive observations, learner interviews, and document and environment analysis illustrate in detail how teacher beliefs relate to their practices and are mediated and moderated by their learners' institutional demands, equity, and access to WL education and other factors. The chapters provide a deep and robust explanation of individual teachers' teaching lives and a cross-contextual comparison of their experiences, shining a light on the realities and demands of modern US schools. Grounded in the research literature on language teacher beliefs and cognition, this book takes the stance that all teaching is situated and contextual and that addressing teachers' methods, practices, and knowledges in ways that are divorced from their setting and environment has serious limitations. It offers fascinating insights for researchers, language educators, and pre- and in-service teachers with reflection questions at the end of each chapter to guide readers in drawing connections with their own practice interests and contexts. **Issues in the Spanish-Speaking World**

Janice Randle, 2003-07-30. Spanish language classes now have a reference source to encourage critical thinking and debate important current topics in Spain, Mexico, and the rest of Latin and South America. *Issues in the Spanish Speaking World* offers 14 original and engaging chapters, each introducing a major issue in the headlines and providing pro and con positions for student debate papers and class presentations. Highlights include the Basque question, indigenous rights, the Christopher Columbus controversy, bullfighting, and the war on drugs in Colombia. Each chapter concludes with a Resource Guide and useful vocabulary to facilitate expression in Spanish. **Graduate Students Becoming Qualitative Researchers** Char

Ullman, Kate Mangelsdorf, Jair Muñoz, 2020-11-23 Through conducting an ethnographic study about doctoral students from traditionally underrepresented groups who are learning to conduct ethnographic research this volume offers unique insight into the challenges and experiences through which these students develop their skills and identities as qualitative researchers. Foregrounding the stories and perspectives of students from minority backgrounds including Latinx Black differently abled and queer students *Graduate Students Becoming Qualitative Researchers* identifies how the process of learning to conduct ethnographic research underpins doctoral students' success, confidence and persistence in the academy. Chapters follow students during a one year ethnographic research course during which they learn about ethnography and also conduct observations, write field notes, interview participants and gather artifacts. Offering important pedagogical insights into how ethnography and academic writing are communicated, the text also tackles questions of access and diversity within scholarship and highlights barriers to first generation and minoritized students' success, including impostor syndrome, stereotype vulnerability and access to time, knowledge and capital. This volume will prove valuable to doctoral students, postgraduate researchers, scholars and educators conducting qualitative research across the fields of education and rhetoric as well as the humanities and social sciences. It will also appeal to those interested in multiculturalism and diversity within the education sector.

New to the LSP classroom? A selection of monographs on successful practices Martina

Vránová, 2023-05-23 As Languages for Specific Purposes have always been defined as student oriented, the rationale behind this volume is to use the rather neglected niche of the other necessary agent of language instruction and thus focus on the LSP practitioner. This turn towards the instructor has been motivated by the fact that a great number of LSP practitioners enter their jobs without previous expertise. They lack LSP education or they may not even have a background in applied linguistics. This motivation has proven valid as many of the volume's contributors have faced this particular situation in their professional lives. For insights into the LSP field and guidelines on the best practices they must rely on their colleagues who offer to share their experience through workshops, conferences or papers, which is what this volume provides. The primary goal of this volume is to present considerations of what challenges LSP practitioners face and should be prepared for in their jobs and to provide practice tested methodological guidelines on such demanding teaching techniques as blended and flipped learning or tandem learning. All papers have been written by LSP practitioners and researchers in higher education. Thus this volume provides both guidance and self reflection. In other words, it is written by experienced LSP practitioners for aspiring LSP practitioners about how they see themselves and what effort they make to meet the challenges of their jobs. As proof that LSP practice is a global challenge, papers have been collected from many European countries, the USA, Uruguay. Even though most papers are naturally concerned with English being the lingua franca of today, the collection also features guidelines for teaching Spanish, French and Dutch for specific purposes. Moreover, the target disciplines these languages are taught for encompass business, engineering, sociology or medicine, thus supporting the assumption of the universal character of
