## **Ss Wiking The History Of The Fifth Ss Division 1945:**

**SS-Wiking** Rupert Butler,2012-07-16 The 5th SS Division Wiking was the first international i e largely non German Waffen SS division and the only German panzer division comprised largely of foreign troops The division quickly earned itself a deserved combat reputation but also served as a finishing school spinning off a host of additional Waffen SS divisions

**5th SS Wiking at War, 1941-1945** Ian Baxter,2018-03-30 A photographic documentation of the German foreign volunteer unit a valuable addition to any enthusiast s library of WWII military history books Firetrench Drawing on a superb collection of rare and unpublished photographs the 5th SS Division Wiking 1941 1945 is the 5th book in the Waffen SS Images of War Series by Ian Baxter The book tells the dramatic story of the 5th SS Panzer Division Wiking at War The men of the division were recruited from foreign volunteers in Denmark Norway Sweden Finland Estonia the Netherlands and Belgium under the command of German officers Not all were collaborators the choice they were all too often presented with was join up or be locked up or worse During the course of the war the division served on the Eastern Front in 1941 It surrendered in May 1945 to the American forces in Austria The photos are mostly unpublished before and give an excellent impression of Wiking at war We see a good variety of conditions over the 5 years of their war from the height of summer to the depths of winter We see fine detail of their uniforms and personal equipment as well as the development of larger equipment from motorcycles and early Panzer IVs to the larger Panthers of the final period There is also good coverage of anti aircraft and anti tank weapons as well as heavier artillery There is a good spread of detail in here which will interest the historian as well as the reenactors militaria collectors and modelers alike Military Model Scene **SS-Wiking** Rupert Butler,2002 This military history examines the SS Wiking one of Germany s top fighting units in WWII who were largely recruited from foreign volunteers of German occupied countries Butler describes their service on the Eastern Front for the Nazi cause *Hitler's Crime Fighter* David Lee,2024-08-01 Nazi Germany June 1943 Buchenwald concentration camp The last place you d expect to find any form of justice And yet justice against the SS men who brutalised the prisoners here would be attempted by the unlikeliest of sources SS officer Konrad Morgen Nazi Germany despite the atrocities it carried out on an industrial scale still had legislation and a legal system and Morgen used these laws to bring individual members of the SS to justice for their crimes He was a fearless investigating judge and police official and when he crossed swords with more powerful forces inside the SS he was demoted and sent by Heinrich Himmler himself to the Eastern Front as an ordinary soldier in the Waffen SS But Morgen s skills were still required and he returned to launch a series of criminal investigations in various concentration camps including Buchenwald As a direct result of his work two concentration camp commandants were shot before the end of the war and he arrested three others Targets of his investigations included Adolf Eichmann one of the architects of the Holocaust and Rudolf H ss the infamous commandant of Auschwitz Described by historian John Toland as the man who did the most to hinder the atrocities in the East Konrad Morgen pursued Nazi Germany s worst

murderers from inside the SS This is his incredible true story      **Hitler's Vikings** Jonathan Trigg,2011-11-30 The Nazis dream of a world dominated by legions of Aryan supermen forged in battle and absolutely loyal to Adolf Hitler was epitomised by the Waffen SS Created as a supreme military elite it grew to become Nazi Germany s second army an immense force totalling almost one million men by the end of the War An astonishing fact about the SS is that thousands of its members were not German Men stepped forward from almost every nation in Europe for many sometimes complex reasons that included hatred of Bolshevism and nationalist sentiment or even straightforward anti Semitism foremost among them were Scandinavians from Denmark Norway Sweden and even Finland Thousands were recruited from 1940 onwards and fought with distinction on the Russian Front They served at first in national legions but were then brought together in the elite Wiking Panzer Division and the Nordland Panzer grenadier Division In Hitler s Vikings Jonathan Trigg details the battles these men fought and what inspired them to join the Waffen SS based in part on interviews with surviving veterans      World War II in Literature for Youth Patricia Hachten Wee,Robert James Wee,2004 This comprehensive volume provides a wealth of information with annotated listings of more than 3 500 titles a broad sampling of books on the war years 1939 1945 Includes both fiction and nonfiction works about all aspects of the war Professional resources for educators aligned to the educational standards for social studies technical references periodicals and electronic resources a directory of WWII museums memorials and other institutions and topics for exploration complement this excellent library and classroom resource      The Waffen-SS in Allied Hands Volume One Terry Goldsworthy,2019-01-29 The Waffen SS are commonly regarded as the elite of Germany s armed forces during World War II They gained much of this reputation while fighting on the Eastern Front in Russia during Germany s war against the Soviet Union They were also called to the fore in an attempt to hurl back the Western Allies invasion forces in Normandy and were used in the last great offensive on the Western Front in the Ardennes and contributed to the final defence of Berlin In adversity they were some of the most resilient soldiers that fought for Germany in World War II and were ideologically and politically aligned with Hitler For over 70 years many of the manuscripts contained in this book and sourced from the United States National Archives have not been scrutinised by modern researchers This book provides a unique opportunity to publish these records in order to provide an insight into the Waffen SS The Waffen SS was a military organisation that is steeped in the military folklore of being a force capable of incredible military feats but it was also capable of incredible evil These records are exceedingly valuable as they are one of the few contemporaneous primary sources of information available in relation to the Waffen SS      Hitler's Armed SS Anthony Tucker-Jones,2022-09-15 A history of Germany s Waffen SS from its origins to its evolution featuring insights to its leading commanders divisions war crimes and more The Waffen SS was one of the most formidable German military formations of the Second World War feared for its tenacity and ruthlessness in battle notorious for the atrocities it committed As a distinct fighting force derived from the Nazi Party s SS organization it stood apart from the other units of the German army Its

origins structure and operational role during the war are often misunderstood and the controversy still surrounding its conduct make it difficult today to get an accurate picture of its actions and its impact on the fighting. Anthony Tucker Jones in this concise and fluently written account provides an absorbing and clear sighted introduction to it. He traces its development under Himmler from modest beginnings in the early 1930s as Hitler's personal protection squad of elite soldiers to a force which eventually amounted to thirty eight divisions. Towards the end of the war many Waffen SS units were formed from foreign volunteers and proved to be of poor quality but its premier panzer divisions thoroughly deserved their reputation as tough fighters. Through accounts of the Waffen SS's major battles on the Eastern Front in Normandy and finally in defence of Germany a detailed picture emerges of the contribution it made to the German war effort especially when Hitler's armies were in retreat. The parts played by the most famous Waffen SS formations Das Reich Totenkopf Leibstandarte SS Adolf Hitler among them and their commanders men like Dietrich and Hausser can be seen in the wider context of the war and Germany's defeat. Praise for Hitler's Armed SS. An extraordinarily informed and informative account that will prove to be a welcome and enduringly appreciated contribution to personal professional community and academic library World War II history collections and supplemental curriculum studies lists Midwest Book Review. This is a good starter to understand the Waffen SS and its role on the battlefield. It describes each SS Division and its key actions and outcomes. Michael McCarthy Battlefield Guide

**5th Waffen SS Panzer Division Wiking** Gustavo Uruena A, 2000-02-17 15th April 1945 The Leader's Order Of The Day 15th April 1945 Last Proclamation Soldiers Of The German Eastern Front For the last time our deadly enemies the Jewish Bolsheviks have launched their massive forces to the attack. Their aim is to reduce Germany to ruins and to exterminate our Folk. Many of you soldiers in the east already know the fate which threatens above all German women girls and children. While the old men and children will be murdered the women and girls will be reduced to barrackroom whores. The remainder will be marched off to Siberia. We have foreseen this thrust and since last January have done everything possible to construct a strong Front. The enemy will be greeted by massive artillery fire. Gaps in our infantry have been made good by countless new units. Our Front is being strengthened by emergency units newly raised units and by the Germanic Folk Militia. This time the Bolshevik will meet the ancient fate of Asia he must and shall bleed to death before the capital of the German Reich. Whoever fails in his duty at this moment behaves as a traitor to our Folk. The Regiment or Division which abandons its position acts so disgracefully that it must be ashamed before the women and children who are withstanding the terror of bombing in our cities. Above all be on your guard against the few treacherous Officers and soldiers who in order to preserve their pitiful lives fight against us in Russian pay perhaps even wearing German uniform. Anyone ordering you to retreat will unless you know him well personally be immediately arrested and if necessary killed on the spot no matter what rank he may hold. If every soldier on the Eastern Front does his duty in the days and weeks which lie ahead the last assault of Asia will crumple just as the invasion by our enemies in the west will finally fail in spite of everything.

from military operations but also from the systematic killing and abuse that the Waffen SS directed against Jews Communists and ordinary citizens This book provides a clear concise history of the Waffen SS campaign of conquest and genocide in Russia by looking at the actions both on and behind the front lines By drawing on the best of military and Holocaust scholarship this book dispels the myths that have distorted the role of the Waffen SS in both the military operations themselves and the unthinkable crimes that were part of them The conventional wisdom that the Waffen SS in World War II fought a relatively clean fight unsullied by the atrocities committed by the Nazis is challenged and largely demolished Focusing on the Eastern Front the book contends that the Nazi vision of a racial ideological death struggle against Slavic hordes and their Jewish Bolshevik commissars resonated with soldiers of the Waffen SS steeped in traditional anti Semitic and racist dogmas In doing so this book clearly shows that the Waffen SS was an organisation that committed widespread atrocities and were truly soldiers of evil

The Battle for Budapest 1944 - 1945 Anthony Tucker-Jones,2016-10-30 The desperate struggle between the Wehrmacht and the Red Army for Budapest in 1944 and 1945 was as lethal and destructive as any of the urban battles fought during the Second World War The losses of men and equipment sustained by the Germans were so great that they hastened the collapse of Hitler s regime Yet what happened in Budapest is less well remembered today than other flash points in the conflict on the Eastern Front Anthony Tucker Jones s photographic history is a fascinating and graphic introduction to this neglected episode in the closing months of the war The battle began with Operation Panzerfaust in October 1944 when the Germans seized Hungarian leader Admiral Horthy to prevent his country defecting to the Soviets Red Army advances then left German and Hungarian units trapped in the city and sparked fifty days of intense fighting Then in March 1945 Hitler launched Operation Spring Awakening the reckless final German offensive of the war designed to recapture Budapest and stabilize the Eastern Front It failed spectacularly opening the road to Vienna for the Red Army The selection of archive photographs gives a sharp insight into every aspect of the fighting in and around Budapest and records the ravaged city the battle left behind

in general give us some of the vast scale of the SS by the end of the war HistoryOfWar.org Though Sweden was neutral during the Second World War Swedish SS volunteers saw action on both the eastern front and NW Europe and participated in some of the bloodiest clashes the initial stages of Operation Barbarossa the winter of 1941-42 the battles of Kursk Arnhem Normandy Narva the Warsaw uprising the Cherkassy and Kurland pockets and finally the end in Berlin There was never an official recruitment drive in Sweden which is why only some 180-200 men enlisted Those who wanted to recruit themselves often had to make their way to the occupied countries a fact that makes those Swedes who joined the SS volunteers in the truest sense This book lets us follow individuals such as Hans Lindén who was the first named Swedish volunteer to fall in action aged barely nineteen years old the unpopular Swedish SS officer Gunnar Ekström who after several years on the Eastern Front deserted and returned to Sweden Gösta Borg who volunteered for the SS a second time as he was denied the chance of becoming an officer in Sweden and Karl Axel Bodin the only Swede to be included in the list of suspected criminals at the Simon Wiesenthal Center who joined the SD in March 1945 The book includes over 150 photos and is thoroughly researched from primary sources making it a valuable addition to the history of the SS and the men who volunteered to serve in it

**From the Realm of a Dying Sun** Douglas E. Nash, 2019-12-19 The first volume of the tactical and operational history of World War II Germany's fourth SS Panzerkorps division and its leader During World War II the armed or Waffen SS branch of the Third Reich's dreaded security service expanded from two divisions in 1940 to 38 divisions by the end of the war eventually growing to a force of over 900,000 men until Germany's defeat in May 1945 The histories of the first three SS corps are well known the actions of I, II and III Germanic SS Panzerkorps have been thoroughly documented and publicized Overlooked in this pantheon is another SS corps that never fought in the west or in Berlin but one that participated in many of the key battles fought on the Eastern Front during the last year of the war the IV SS Panzerkorps Activated during the initial stages of the defense of Warsaw in late July 1944 the corps consisting of the 3 and 5 SS Panzer Divisions Totenkopf and Wiking respectively was born in battle and spent the last ten months of the war in combat figuring prominently in the battles of Warsaw the attempted Relief of Budapest Operation Spring Awakening the defense of Vienna and the withdrawal into Austria where it finally surrendered to U.S. forces in May 1945 Herbert Otto Gille's IV SS Panzerkorps was renowned for its tenacity high morale and above all its lethality Often embroiled in heated disputes with its immediate Wehrmacht higher headquarters over his seemingly cavalier conduct of operations Gille's corps remained to the bitter end one of the Third Reich's most reliable and formidable field formations Hitler's Armed Forces Auxiliaries

Jean-Denis G.G. Lepage, 2015-11-03 The story of Hitler's Wehrmachtsgefolge armed forces auxiliaries is less well known than that of Germany's other armed forces in World War II such as the panzer divisions the Luftwaffe and the Kriegsmarine The Organization Todt construction company Reichsarbeitsdienst labor service Nationalsozialistische Kraftfahrkorps driver's corp and Volkssturm people's militia were given the status of armed forces auxiliaries to protect their members under the

Geneva Conventions should they be taken prisoner By 1944 the Wehrmachtsgefolge comprised 40 percent of the German armed forces and their contribution to the war effort was far from negligible This illustrated history documents the development structure and organization uniforms regalia and technical data of these units and discusses their role in the war and during the prewar period **The Shoah in Ukraine** Ray Brandon, Wendy Lower, 2008-05-28 On the eve of the Nazi invasion of the USSR in 1941 Ukraine was home to the largest Jewish community in Europe Between 1941 and 1944 some 1 4 million Jews were killed there and one of the most important centers of Jewish life was destroyed Yet little is known about this chapter of Holocaust history Drawing on archival sources from the former Soviet Union and bringing together researchers from Ukraine Germany Great Britain the Netherlands and the United States The Shoah in Ukraine sheds light on the critical themes of perpetration collaboration Jewish Ukrainian relations testimony rescue and Holocaust remembrance in Ukraine Contributors are Andrej Angrick Omer Bartov Karel C Berkhoff Ray Brandon Martin Dean Dennis Deleant Frank Golczewski Alexander Kruglov Wendy Lower Dieter Pohl and Timothy Snyder *Viking Panzers* Ewald Klapdor, 2011-04-05 Classic World War II unit history of the 5th SS Panzer Regiment part of the 5th SS Panzer Division Viking The unique 5th SS Panzer Division was made up largely of volunteers from Denmark Sweden Norway Finland Estonia the Netherlands and Belgium This regiment served on the Eastern Front from 1942 to the end of the war including action at Kharkov and Warsaw Draws heavily from the eyewitness testimonies of the 5th s members First time in English *Himmler's SS* Robin Lumsden, 2009-04-01 The real story of the SS unlike its popular mythology is so complex as to almost defy belief it is a tale of intrigue and nepotism of archaeology and Teutonism of art and symbolism Himmler's SS is a story of street fighters and convicted criminals becoming Ministers of State and police commanders the story of charitable works and mass extermination being administered from the same building the story of boy generals directing vast heterogeneous armies on devastating campaigns of conquest Here indeed fact is stranger than fiction Himmler's SS looks at the wide ranging effects that the SS had on the Police racial policies German history education the economy and public life as well as the uniforms and regalia which were carefully designed to set Himmler's men apart as the new elite in Third Reich society Fully illustrated this book is an authoritative history of the SS and as such will appeal to all with an interest in Hitler's Third Reich
