Sscp Study Guide And Dvd Training System:

SSCP Study Guide and DVD Training System (Book / DVD) Josh Jacobs, 2003 **SSCP Systems Security Certified Practitioner Study Guide and DVD Training System** Syngress, 2003-03-25

The SSCP Study Guide and DVD Training System is a unique and comprehensive combination of text DVD quality instructor led training and Web based exam simulation and remediation. These components will give the student 100% coverage of all ISC 2 official exam objectives and realistic exam simulation. The SSCP Study Guide and DVD Training System consists of 1 SSCP Study Guide. The 1 000 000 readers who have read previous Syngress Study Guides will find many familiar features in the Study Guide along with many new enhancements including Exercises. There will be frequent use of step by step exercises with many screen captures and line drawings. Exercises will be presented in sidebar like style and will run 1 to 2 pages. Anatomy of a Question. Question types will be diagrammed and analyzed to give readers access to the theory behind the questions themselves. Teacher's Pet. These will be written from the instructor's perspective and will provide insight into the teaching methodologies applied to certain objectives that will give readers the 2 000 worth of training in a 60 book feel. These will be presented in sidebar like style and will run about 1 page. Objectives Fast Track. End of chapter element containing each A head from the chapter and succinct bullet points reviewing most important information from each section same as current Solutions Fast Track FAQs. End of Chapter Frequently Asked Questions on objective content. These are not exam preparation questions same as our current FAQ Test What You Learned. End of chapter exam preparation questions which are in the format of the real exam. 2 SSCP DVD. The DVD will contain 1 hour of instructor led training covering the most difficult to comprehend topics on the exam. The instructor's presentation will also include on screen configurations and networking schematics. SSCP from solutions syngress.com. The accompanying Web site will provide students with realistic exam simulations software. The exam will emulate the content and the look and feel of the real exam. Students will be able to grade their performance on the Web based exam and automatically link to the accompanying e book for further review of difficult concepts. 2 000 worth of training in a 60 book DVD and Web enhanced training system. Consumers of this product will receive an unprecedented value. Instructor led training for similar certifications averages 2 000 per class and retail DVD training products are priced from 69 to 129. Consumers are accustomed to paying 20% to 100% more than the cost of this training system for only the DVD. Changes to the CISSP Certification pre requisites will result in an increase in the popularity of the SSCP certification. Recently the ISC 2 increased the work experience requirement of the CISSP certification to four years from three years. This increase will result into current candidates for the CISSP to shift to the SSCP certification as the verifiable field requirement is only one year. Syngress well positioned in wide open playing field. The landscape of certification publishing has changed dramatically over the past month with Coriolis ceasing operations. Hungry Minds facing an uncertain future after their acquisition by John Wiley Sons and Syngress ending its long term relationship with Osborne McGraw Hill in pursuit of publishing Study Guides.

Guide is the solution for the impossible 24 hour IT work day By now most companies have hardened their perimeters and
locked out the bad guys but what has been done on the inside This book attacks the problem of the soft chewy center in
internal networks We use a two pronged approach Tactical and Strategic to give readers a complete guide to internal
penetration testing Content includes the newest vulnerabilities and exploits assessment methodologies host review guides
secure baselines and case studies to bring it all together We have scoured the Internet and assembled some of the best to
function as Technical Specialists and Strategic Specialists This creates a diversified project removing restrictive corporate
boundaries The unique style of this book will allow it to cover an incredibly broad range of topics in unparalleled detail
Chapters within the book will be written using the same concepts behind software development Chapters will be treated like
functions within programming code allowing the authors to call on each other s data These functions will supplement the
methodology when specific technologies are examined thus reducing the common redundancies found in other security books
This book is designed to be the one stop shop for security engineers who want all their information in one place The technical
nature of this may be too much for middle management however technical managers can use the book to help them
understand the challenges faced by the engineers who support their businesses Unprecedented Team of Security Luminaries
