The Story of a Soul St Therese of Lisieux,2010 Originally published Burns Oates and Washbourne 1951 Story of a Soul : Saint Thérèse (de Lisieux),1962 **Story of a Soul** Thérèse of Lisieux,2012-03-01 I was recommended *Story of a Soul* as the favorite book of a woman I much admired who worked at a Carmelite monastery Initially I wondered about the recommendation when I began the book Therese of Lisieux lived a sheltered life Her parents were financially secure and devoutly religious they had to be encouraged by a priest to marry rather than to join a religious order and later to consummate their marriage Therese knew she wanted to be a nun from an extremely early age My first impression was to wonder why was this book recommended to me when she has nothing in common with my life at a time when I didn t know how I would pay the bills and was not sure what God wanted from me in terms of a vocation True her health was poor and she suffered the loss of her mother early in her life so her life was not without sorrow But she also seemed to have security love and an incredible sense of direction which made me question what I could learn from her life when these qualities were so missing in my own Furthermore I questioned whether some one who lived so holy a life could be a realistic role model for me as I have made some pretty unholy decisions in my past The book quickly grew on me and eradicated my concerns about it being an inaccessible guide for spirituality The beauty of the writing is her approach to spirituality which is accessible to any one in any walk of life She describes souls as similar to different types of flowers Some are roses others lilies and some like orchids for example And all can be equally pleasing to God in their own way when seeking his role for them People have different talents and different struggles but these characteristics do not mean that any type is more valued than the other She writes that if the Christian Church is one body than she wants to be the heart that loves which I thought was a beautiful

sentiment and a much needed philosophy in the world today When I look on mistakes I ve made in my own life I realized that it is easiest to succumb to temptation when one feels alone and unloved and I believe that people would make less such mistakes if they had the support of God s love through others She writes frequently of the many ways that God is love She believed that heaven for her would be to be able to help people on earth after she died Many remarkable stories have been published in books about people who claim to have been helped when having asked Therese to pray for their needs She is one of the most common saints that people claim to have seen an apparition of during their times of trouble She writes that any sacrifice in daily life can be offered to God for the conversion of souls or help of others whether it is the suffering of an illness or loss or the performance of a mundane daily chore This is a practice also advocated by saints like Gertrude of Helfta Catherine of Siena Teresa of Avila and Francis of Assisi but it is a way of holy living that any one can practice in any station of life at any level of health Therese also writes much about the prayer and how her preferred method of praying rather than to memorize long formal prayers is to speak directly to God as a child or her struggles and requests The book is easy to read and intimate One feels as if one is experiencing a conversation from Therese while reading it Excerpts beg to be read over and over again and each reading makes me appreciate them more and want to love others more The only book that has made me fuller of love for God and others outside of the Bible is Catherine of Siena s The Dialogues Therese of Lisieux well earned her title as Doctor of the Church
