Dear Chief Justice Robinson,

As Co-Chairs of the Juror Data Analysis Committee, we are pleased to present for your consideration the final report of the Juror Data Analysis Committee, which addresses the charge presented in your letter of appointment to the Committee.

The charge to the Committee is to (1) Review the juror demographic data that is being collected; (2) Prioritize which data should be analyzed; (3) Compare the demographics of jurors to an appropriate source of demographic data such as the U.S. Census Bureau; (4) Undertake an exhaustive review of the data collection practices in other states; and (5) Issue a final report to Chief Justice Robinson by October 1, 2024 summarizing the data analysis.

As additional background, the Connecticut Supreme Court, in *State v. Holmes*, announced the creation of a Jury Selection Task Force to examine and to propose necessary solutions toward eradicating racial bias from the jury selection process. The Jury Selection Task Force issued its report on December 31, 2020. The Juror Data Analysis Committee has considered the Jury Selection Task Force report. In response to the Jury Selection Task Force recommendations and subsequent implementation of data collection practices by the Judicial Branch, the Juror Data Analysis Committee had considerable available demographic data for potential and selected jurors in the jury selection process.

The Juror Data Analysis Committee included an array of members including judges, members of the Judicial Branch (Operations Division, Diversity, Equity, and Inclusion Unit, and Performance Management & Judicial Branch Statistics Unit), and private attorneys with criminal and civil jury selection experience.
