*Spanish Phonetics and Phonology in Contact* Rajiv Rao,2020-08-15 Spanish Phonetics and Phonology in Contact Studies from Africa the Americas and Spain brings together scholars working on a wide range of aspects of the Spanish sound system and how their coexistence with another language in speech communities across the Hispanophone world influences their manifestation Drawing upon seminal works in the fields of language contact in general Spanish in contact with indigenous and regional languages and laboratory approaches tied to the languages in question the volume s contents employ acoustic and quantitative approaches as well as

both controlled and spontaneous data elicitation procedures to shed light on how linguistic historical and social variables drive contact phenomena and in turn shape specific varieties of Spanish It will pique the interest of researchers and students of fields such as contact linguistics language variation and change segmental and suprasegmental phonetics and phonology and sociolinguistics

*Offshoring of white-collar services* Artur Klimek, 2020-08-24 This is one of the few books on the market dealing with offshoring of professional services a dynamic phenomenon of high relevance in the global economy The market for offshore services is worth more than 1 trillion dollars annually and employs millions of people Global offshoring of services has been recently undergoing a profound transformation due to automation and robotisation of tasks It can be associated with the increased codification of knowledge commoditisation of services and advancement in technology The global perspective has been supplemented by a detailed analysis of offshoring in Central and Eastern Europe It witnesses a dynamic growth of foreign direct investment FDI in professional services resulting in capital and knowledge transfers This book is a result of a holistic approach and an interdisciplinary research It is enriched with conclusions from meetings with representatives of authorities responsible for attracting FDI associations of offshoring firms and enterprises operating in professional services It was also a result of numerous discussions with scholars during academic conferences and research seminars

*Tunnel Visions* Michael Riordan, Lillian Hoddeson, Adrienne W. Kolb, 2015-11-20 In October 1993 the US Congress terminated the Superconducting Super Collider at the time the largest basic science project ever attempted with a total cost estimated to exceed 10 billion Its termination was a watershed event a pivot point not only in the history of physics but also for science in general *Tunnel Visions* follows the evolution of the endeavor from its origins in the Reagan Administration's military buildup of the early 1980s to its post Cold War demise a decade later The failure of the SSC raises the question of whether Big Science has become too big and expensive can scientists and their government backers effectively manage such enormous undertakings The case of the Super Collider offers important lessons about the conditions required to build and sustain a large scientific laboratory and the rise and fall of the SSC also serves as a cautionary tale about the long term viability of a research community that comes to depend as much as did US high energy physics upon a single experimental facility of such an unprecedented scale Riordan Hoddeson and Kolb have written the definitive history of the SSC

*Football Fandom in Italy and Beyond* Matthew Guschwan, 2018-10-11 Football fans are passionate and devoted followers They are also creators and dissenters performers and producers This volume analyses football fandom through the media that fans use to construct fandom itself Media is the lifeblood of modern life it is the canvas on which ideas are spread communities are formed and identities are expressed Today's fan has an unprecedented variety of tools in which to express their passion commune with others and become a fan in front of local regional and global audiences The football stadium has always been rife with symbolism Colourful scarves and communal songs and chants evoke and display local pride and distinguish us from them The Italian football stadium has a particularly rich history as a place of collective celebration

mourning support and political dissent Over time Italian fans have integrated print radio and television into their rituals of fandom while modern digital media allows fans to publicise their identities to global audiences This volume addresses the beauty and humour as well as the fear and anger that are conveyed in the spectrum of media as fans attempt to assert themselves as material and spiritual owners of the club of their affection This book was originally published as a special issue of the journal Soccer Society

**Who is My Neighbor?** Phillip K. Tompkins, 2015-11-17 Who Is My Neighbor is a compelling account of the author's ten year journey as a volunteer at the St Francis Center a homeless shelter in Denver Colorado A retired Professor of Communication Phil Tompkins marshals his considerable experience as a participant observer in recording the voices of the guests of the shelter as they teach us about their situation We learn about their hopes for regaining a home and their fears as they are victimized in some cases even murdered Tompkins shows how effective communication and organization can contribute to finding an end to homelessness and establishing a movement toward protective action especially when a proactive local government gets involved In addition to giving voice to homeless people Who Is My Neighbor explores Denver Mayor John Hickenlooper's ambitious Commission to End Homelessness This remarkable social experiment now called Denver's Road Home is two years into implementing an innovative plan for ending homelessness It provides a model for other cities nationwide where persistent homelessness has defied resolution
