B.H. Blackwell B.H. Blackwell Ltd,1926 *The New Cambridge History of the Bible: Volume 1, From the Beginnings to 600* James Carleton Paget,Joachim Schaper,2013-05-09 Recent years have witnessed significant discoveries of texts and artefacts relevant to the study of the Old and New Testaments and remarkable shifts in scholarly methods of study The present volume mirrors the increasing specialization of Old Testament studies including the Hebrew and Greek Bibles and reflects rich research activity that has unfolded over the last four decades in Pentateuch theory Septuagint scholarship Qumran studies and early Jewish exegesis of biblical texts The second half of the volume discusses the period running from the New Testament to 600 including chapters on the Coptic Syriac and Latin bibles the Gnostic use of the scriptures pagan engagement with the Bible the use of the Bible in Christian councils and in popular and non literary culture A fascinating in depth account of the reception of the Bible in the earliest period of its history *Writing the Wrongs* John L. Thompson,2001-06-28 Phyllis Trible s *Texts of Terror* is a landmark among those studying women of the Bible Focusing on stories of the maltreatment of women Trible paved the way for subsequent feminist exegetes who have been very critical of such stories in the Bible and who see Christianity as an unredeemably patriarchal religion It is commonly said that these Old Testament stories of rape murder torture and abandonment passed without comment until recent times Here Thompson

traces and analyzes various Christian interpretations of these bible stories of women In drawing attention to views other than Texts of Terror Thompson speaks to Christians who are battling over how the Bible ought to be read today An Introduction to the Critical Study and Knowledge of the Holy Scriptures Thomas Hartwell Horne ,1841 *Power and Marginality in the Abraham Narrative - Second Edition* Hemchand Gossai,2010-01-01 Who will speak for Hagar or Isaac or Sarah or the daughters of Lot With an interpretive trajectory that moves from the margin to the center this book gives voice to the marginalized and voiceless in the Abraham Narratives Further this approach is based on the premise that there is a continuum of power in the various characters in these narratives and that the most powerful are those who are lodged at the center while those with the least power are on the margin or beyond The intent of this study is to direct and perhaps re direct our attention to the text and with fresh eyes seek a sometimes radical realignment of roles and power It is true that many of the characters focused on in this book are women This is not however only a book about women though clearly women are the principal characters on the margin **Between Universalism and Particularism: the Reception of Noah, Abraham and Jacob Stories** ,2025-05-29 The study deals with Jewish and Christian reception of the Book of Genesis and how the concepts universalism and particularism are used in Noah Abraham and Jacob stories before the rise of Islam As a synthesis of its discussed topics the volume is a useful resource to understand early development of universalistic and particularistic ideas which became central theological topics in the three Abrahamic religions
