Music as Social and Cultural Practice Melania Bucciarelli, Berta Joncus, 2007 The linking theme of the essays collected

here is the intersection of musical work with social and cultural practice Inspired by Professor Strohm's ideas as is fitting in a volume in his honour leading scholars in the field explore diverse conceptualizations of the work within the contexts of a specific repertory over four main sections Music in Theory and Practice studies the link between treatises and musical practice and analyses how historical writings can reveal period views on the work in music before 1800 Art and Social Process Music in Court and Urban Societies looks at the social and cultural practices informing composition from the late Renaissance until the mid eighteenth century and interrogates current notions of canon formation and the exchange between local and foreign traditions Creating an Opera Industry focuses on how genre and artistic autonomy were defined in operas from diverse eras and countries explaining the role of literature and politics in this process Finally The Crisis of Modernity treats nineteenth century music offering new models for work and context to challenge reigning theories of the meaning of these terms Publisher's website
