Weeks,2003-04-16 On June 22 1941 just less than two years after signing the Nazi Soviet Agreements Adolf Hitler's German army invaded the Soviet Union The attack hardly came as a surprise to Josef Stalin

in fact history has long held that Stalin spent the two intervening years building up his defenses against a Nazi attack With the gradual declassifying of former Soviet documents though historians are learning more and more about Stalin s grand plan during the years 1939 1941 Longtime Soviet expert Albert L Weeks has studied the newly released information and come to a different conclusion about the Soviet Union s pre war buildup it was not precaution against German invasion at all In fact Weeks argues the evidence now suggests Soviet mobilization was aimed at an eventual invasion of Nazi Germany The Soviets were quietly biding their time between 1939 and 1941 allowing the capitalist powers to destroy one another all the while preparing for their own Westward march Stalin Weeks shows wasn t waiting for a Nazi attack Hitler simply beat him to the punch

**Stalin's Failed Alliance** Michael Jabara Carley, 2024-03-26 In the spring of 1936 the Soviet effort to build an anti Nazi alliance was failing Stalin continued nevertheless to support diplomatic efforts to stop Nazi aggression in Europe In Stalin s Failed Alliance the sequel to Stalin s Gamble Michael Jabara Carley continues his re evaluation of European diplomacy during the critical events between May 1936 and August 1939 This narrative history examines the great crises of the pre war period the Spanish Civil War Anschluss and Munich accords as well as both the last Soviet efforts to organize an anti Nazi alliance in the spring summer of 1939 and Moscow s shocking volte face the signing of the Nazi Soviet non aggression pact Carley s history traces the lead up to the outbreak of war in Europe on 1 September 1939 and sheds light on the Soviet Union s efforts to organize a defensive alliance against Nazi Germany in effect rebuilding the anti German Entente of the First World War The author argues for the sincerity of Soviet overtures to the western European powers and that the non aggression pact was a last ditch response to the refusal of other states especially Britain and France to conclude an alliance with the USSR against Nazi Germany Drawing on extensive archival research in Soviet and Western archival papers Stalin s Failed Alliance aims to see the European crisis of the 1930s through Soviet eyes

**Boundaries of Utopia - Imagining Communism from Plato to Stalin** Erik van Ree, 2015-05-22 The idea that socialism could be established in a single country was adopted as an official doctrine by the Soviet Union in 1925 Stalin and Bukharin being the main formulators of the policy Before this there had been much debate as to whether the only way to secure socialism would be as a result of socialist revolution on a much broader scale across all Europe or wider still This book traces the development of ideas about communist utopia from

Plato onwards paying particular attention to debates about universalist ideology versus the possibility for socialism in one country The book argues that although the prevailing view is that socialism in one country was a sharp break from a long tradition that tended to view socialism as only possible if universal in fact the territorially confined socialist project had long roots including in the writings of Marx and Engels

**Stalin** Stephen Kotkin,2015-10-13 In his biography of Stalin Kotkin rejects the inherited wisdom about Stalin s psychological makeup showing us instead how Stalin s near paranoia was fundamentally political and closely tracks the Bolshevik revolution s structural paranoia the predicament of a Communist regime in an overwhelmingly capitalist world surrounded and penetrated by enemies At the same time Kotkin posits the impossibility of understanding Stalin s momentous decisions outside of the context of the history of imperial Russia Communism and Nationalism Roman Szporluk,1991 This study examines the relationship between the two dominant ideologies which emerged in the 19th century Karl Marx s communism and Friedrich List s theory of nationalism List was the first economist to be studied seriously by Marx Three years before publication of the Communist Manifesto Karl Marx began work on a critique of a movement that was gaining popularity as a challenge to capitalism nationalism as put forth by the German economist Friedrich List Long regarded as a major cultural and political force in 19th century Europe nationalism was in fact to become directly involved in the conflict between capitalism and socialism offering an appealing alternative to capitalism s New World Order the doctrine of Free Trade and socialism s call for a worldwide unification of the workers against the bourgeoisie In this original new work Professor Szporluk offers a major reinterpretation of Marxism s historical development one that recognises nationalism as the third contender on the battlefield where Marxism met capitalism A bold new interpretation of Marx s intellectual biography showing how the history of Marx and Marxism is to a great extent the story of their confrontation with nationalism before 1848 **HITLER WAS SOCIALIST -Nazis, Communists, Fascists** Johnny Quest,Hector J.
