Mochocki, Paweł Schreiber, Jakub Majewski, Yaraslau I. Kot, 2024-10-17 This book explores the representations of Central and Eastern European histories in digital games Focusing on games that examine a range of national histories and heritages from across Central and Eastern Europe the volume looks beyond the diversity of the local histories depicted in games and the audience reception of these histories to show a diversity of approaches which can be used in examining historical games from postcolonialism to identity politics to heritage studies The book includes chapters on Serbia Poland Ukraine Russia Belarus Hungary Estonia Slovakia Czechia Finland and a Western guest with regional connections Luxembourg Through the lens of video games the authors address how nations struggle with the legacies of war colonialism and religious strife that have been a part of nation building but also how victimized cultures can survive resist and sometimes prevail Appealing primarily to scholars in the fields of game studies heritage studies postcolonial criticism and media studies this book will be particularly useful for the subfields of historical game studies and postcolonial game studies Contemporary Research on Intertextuality in Video Games Duret, Christophe, Pons, Christian-Marie, 2016-06-16 Culture is dependent upon intertextuality to fuel the consumption and production of new media The notion of intertextuality has gone through many iterations but what remains constant is its stalwart application to bring to light what audiences value through the marriages of disparate ideology and references Videogames in particular have a longstanding tradition of weaving texts together in multimedia formats that interact directly with players Contemporary Research on Intertextuality in Video Games brings together game scholars to analyze the impact of video games through the lenses of transmediality intermediality hypertextuality architextuality and paratextuality Unique in its endeavor this publication discusses the vast web of interconnected texts that feed into digital games and their players This book is essential reading for game theorists designers sociologists and researchers in the fields of communication sciences literature and media studies *Visual Ethics* Paul Martin Lester, Stephanie A. Martin, Martin Smith-Rodden, 2022-03-31 An indispensable guide to visual ethics this book addresses the need for critical thinking and ethical behavior among students and professionals responsible for a variety of mass media visual messages Written for an ever growing discipline authors Paul Martin Lester Stephanie A Martin and Martin Rodden Smith give serious ethical consideration to the complex field of visual communication The book covers the definitions and uses of six philosophies analytical methods cultural awareness visual reporting documentary citizen journalists advertising public relations typography graphic design data visualizations cartoons motion pictures television computers and the web augmented and virtual reality social media the editing process and the need for empathy At the end of each chapter are case studies for further analysis and interviews with thoughtful practitioners in each field of study including Steven Heller and Nigel Holmes This second edition has also been fully revised and updated throughout to reflect on the impact of new and emerging technologies This book is an important resource for students of photojournalism photography filmmaking media and communication and visual communication as well as professionals working in these fields **Cult Sci-Fi Movies** Ben

Hudson,2024-06-10 Welcome to a world where reality and imagination collide where robots roam freely alongside humans and where spaceships travel through the vast expanse of the universe In this book we will explore the fascinating world of science fiction films delving into the futuristic worlds advanced technologies and otherworldly creatures that have captivated audiences for generations So sit back grab your popcorn and get ready to embark on a thrilling journey through the realms of science fiction cinema **Going Feral: Speculative Approaches to Animism in the Arts** Paula Chambers,Dawn

Woolley,2025-11-04 This edited volume presents critical analyses of animism in the arts with a focus on the boundary practices of going feral Reconsidering the question posed by Cecilia Alemani Venice Biennale 2022 curator authors explore what would life look like without us in a world activated by things and a post humanist animism These speculative discussions are developed in this volume in which we consider how the process and practices of going feral might materialise through and across creative investigations Going feral is a provocative call to untame queer and radicalize feminist thought and practice producing more than human multispecies entanglements and processes of dynamic resistance The chapters critically analyse processes of going feral in artworks and art practices ranging from fine art art history and performance to architecture video games and poetry They consider how going feral allows audiences to form meaningful relationships with spoiled landscapes develop human and non human communities and to reimagine the domestic and the everyday through the prism of new animism The creative practices discussed are geographically diverse including examples from South Africa Brazil Ukraine South Korea Mexico the Caribbean Europe and North America Through these wide ranging approaches and case studies the book asks what are potential futures materialised through artworks that rethink the present as a world populated by things a place where the sensibility of materials becomes carriers of agency This edited volume argues that animism and ferality are vital tools for artists and creative professionals to describe and critique the increasing inequalities and continuous states of emergency that characterise late stage capitalism The concept of going feral is a critical framework to frame contemporary issues such as environmentalism waste and discard studies and speculate ways of decentring anthropomorphism **PC Gamer** ,2008 *The Ecological Imaginary in Literature and Other Media* Kevan

Manwaring,2025-09-23 From Gilgamesh to Gawain and the Green Knight the Brothers Grimm to Grimdark the natural world has provided the backdrop for Fantasy since its earliest iterations The playgrounds of childhood are often a writer s first Fantasy landscape and can develop into fully fledged storyworlds Do readers of Fantasy seek out the genre for a taste of this unsullied environment Is it nostalgia for the lost Edens of childhood a way to escape or to find resilience and inspiration And in a time of Climate Emergency is the nature of Fantasy changing to reflect the challenges it presents Can the blue sky thinking of the Fantastic provide us with a useful tool for addressing what the United Nations has called the defining crisis of our time This is a timely survey of the environmental aspects of Fantasy with a unique focus on Fantasy sites and the real world impact of Fantasy texts across media *Echoes of Other Worlds: Sound in Virtual Reality* Tom A. Garner,2017-09-01

This book explores the nature and importance of sound in virtual reality VR Approaching the subject from a holistic perspective the book delivers an emergent framework of VR sound This framework brings together numerous elements that collectively determine the nature of sound in VR from various aspects of VR technology to the physiological and psychological complexities of the user to the wider technological historical and sociocultural issues Garner asks amongst other things what is the meaning of sound How have fictional visions of VR shaped our expectations for present technology How can VR sound hope to evoke the desired responses for such an infinitely heterogeneous user base This book is for those with an interest in sound and VR who wish to learn more about the great complexities of the subject and discover the contemporary issues from which future VR will surely advance **Science Fiction, Disruption and Tourism** Ian Yeoman,Una

McMahon-Beattie,Marianna Sigala,2021-12-20 This book examines science fiction's theoretical and ontological backgrounds and how science fiction applies to the future of tourism It recreates and invents the future of tourism in a creative and disruptive manner reconceptualising tourism through alternative and quantum leap thinking that go beyond the normative or accepted view of tourism The chapters focusing on areas such as disruption sustainability and technology draw readers into the unknown future of tourism a future that may be disruptive dystopian or utopian The book brings a new theoretical paradigm to the study of tourism in a post COVID 19 world and can be used to explore frame and even form the future of tourism It will capture the imagination and inspire readers to address tourism's challenges of tomorrow Nach dem Kino -
