Phet Simulator The Ramp Key:

Show, Tell, Build Joyce W. Nutta, Carine Strebel, Florin M. Mihai, Edwidge Crevecoeur Bryant, Kouider Mokhtari, 2020-07-29 Building upon the theoretical and practical foundation outlined in their previous book *Educating English Learners* the authors show classroom teachers how to develop a repertoire of instructional techniques that address K 12 English learners ELs at different English proficiency and grade levels and across subject areas *Show Tell Build* is organized around two decision maps for planning and implementing differentiated instruction for ELs the Academic Subjects Protocol for teachers of academic subjects and the Language Arts Protocol for teachers of language arts The instructional tools and techniques described in each chapter help teachers provide communication support for ELs through showing and telling and develop their language proficiency through building their skills The book also discusses the demands that academic language poses for ELs and ways to assess students proficiency in English *Show Tell Build* provides classroom teachers English language development specialists literacy coaches and school leaders with valuable knowledge and skills to support ELs academic success Teaching and Learning Online Franklin S. Allaire, Jennifer E. Killham, 2023-01-01 Science is unique among the disciplines since it is inherently hands on However the hands on nature of science instruction also makes it uniquely challenging when teaching in virtual environments How do we as science teachers deliver high quality experiences to secondary students in an online environment that leads to age grade level appropriate science content knowledge and literacy but also collaborative experiences in the inquiry process and the nature of science The expansion of online environments for education poses logistical and pedagogical challenges for early childhood and elementary science teachers and early learners Despite digital media becoming more available and ubiquitous and increases in online spaces for teaching and learning Killham et al 2014 Wong et al 2018 PreK 12 teachers consistently report feeling underprepared or overwhelmed by online learning environments Molnar et al 2021 Seaman et al 2018 This is coupled with persistent challenges related to elementary teachers lack of confidence and low science teaching self efficacy Brigid Borrachero Bermejo Gunning Duran Duran 2004 Ideal for undergraduate teacher candidates graduate students teacher educators classroom teachers parents and administrators this book addresses why and how teachers use online environments to teach science content and work with elementary students through a research based foundation
