Migrants Who Care Fumilayo Showers, 2023-09-15 As the U S population ages and as health care needs become more complex demand for paid care workers in home and institutional settings has increased This book draws attention to the reserve of immigrant labor that is called on to meet this need Migrants Who Care tells the little known story of a group of English speaking West African immigrants who have become central to the U S health and long term care systems With high human capital and middle class pre migration backgrounds these immigrants hailing from countries as diverse as Cameroon Sierra Leone Ghana Nigeria and Liberia encounter blocked opportunities in the U S labor market They then work in the United States as home health aides certified nursing assistants qualified disability support professionals and licensed practical and registered nurses This book reveals the global political social and economic factors that have facilitated the entry of West African women and men into the health care labor force home and institutional care for older adults and individuals with physical and intellectual disabilities and skilled nursing It highlights these immigrants role as labor brokers who tap into their local ethnic and immigrant communities to channel co ethnics to meet this labor demand It illustrates how West African care workers understand their work across various occupational settings and segments in the health care industry This book reveals the transformative processes migrants undergo as they become produced repackaged and deployed as health care workers after migration Ultimately this book tells the very real and human story of an immigrant group surmounting tremendous obstacles to carve out a labor market niche in health care providing some of the most essential and intimate aspects of care labor to the most vulnerable members of society Global Applications of Culturally Competent Health Care: Guidelines for Practice Marilyn "Marty" Douglas, Dula Pacquiao, Larry Purnell, 2018-07-02 This book is unique in its global approach to applying the Guidelines for Culturally Competent Nursing Practice that were recently endorsed by the International Council of Nurses ICN and distributed to all of its 130 national nursing associations The purpose of this book is to illustrate how these guidelines can be put into clinical practice and to show how practitioners from different countries with diverse populations can implement them The first chapter provides the conceptual basis for Culturally Competent Health Care and describes how the guidelines were developed Each of the next 10 sections presents a chapter describing a specific guideline followed by three or four chapters with detailed case studies to illustrate how the guideline was implemented in a particular cultural setting All case studies follow a similar format and are written by international authors with clinical expertise and work experience in the culture being presented This book will be useful for advanced practice nurses healthcare students clinicians administrators educators researchers and those who provide community health or population based care Annual Report of the Iowa Board of Nursing Iowa Board of Nursing, 2011

International Migration in Southeast Asia Kwen Fee Lian, Md Mizanur Rahman, Yabit bin Alas, 2015-10-24 This book is a collection of work by migration scholars and researchers who are actively conducting fieldwork in Southeast Asia It

presents a wide variety of current research and approaches the field of international labor migration from a regional perspective acknowledging that the migration process goes beyond local and national boundaries and is embedded in regional and global interconnections The chapters capture the complexity and richness of the migration phenomenon and experience which manifests itself in a multitude of ways in a region well known for its diversity The collection highlights the continuities and discontinuities in the linkages that have been forged through the movement of people between sending and receiving societies Such linkages are explained by distinguishing between migration that has been sustained by a colonial past and migration that has been precipitated by globalization in the last two decades The diversity of issues in the region covered by this volume will encourage a rethink of some of the conventional views of migration scholarship and result in a more critical reflection of how we approach migration research

Dedicated to God Abbie Reese, 2014 In the second decade of the twenty first century Catholicism appears under siege Reporters fixate on drama accusations investigations the selection of a new pope They ignore the inner story the very reason why the church has survived from the Roman Empire's persecution through Renaissance splendor to the present day This is the story of a search for truth peace and salvation a story of selfless dedication that continues behind monastic walls even in our time In *Dedicated to God* Abbie Reese opens a window onto the Corpus Christi Monastery of the Poor Clare Colettine Order a community of cloistered monastic nuns living within a 25 000 square foot enclosure near Rockford Illinois

It is a world apart from our noisy digital hyper connected world a world of poverty simplicity and prayer These women have surrendered everything their names shoes even their families They disappear from the larger world when one dies the order marks her grave with a simple stone indicating religious name and death date nothing more While they live they pray five times a day at the Liturgy of the Hours for the victims of catastrophes and personal tragedies around the globe The author spent six years learning their individual stories and the ancient rules they have chosen to live by Reese makes that choice understandable showing how each nun s values led her there even if families were sometimes befuddled one great niece calls the monastery the Jesus cage With an eye for complexity Reese ranges from the challenges individuals face she calls one the claustrophobic nun to the uncomprehending society that threatens this place with extinction Educational Access and Excellence Tapas R. Dash, Manaranjan Behera, 2018-01-30 The Association of Southeast Asian Institutions of Higher Learning ASAIHL has been playing an important role in educational development to promote innovative teaching research and cooperation among institutions of higher learning Build Bright University BBU Cambodia had organized the 2015 ASAIHL International Conference during 2 4 December at Siem Reap The main theme of the conference was Educational Access and Excellence The conference covered three sub themes namely i cross border higher education in global context ii excellence in education through provision of technology effective teaching and research and iii student learning outcomes Delegates from France UK Japan Singapore Hong Kong India Thailand Malaysia Philippines Vietnam Taiwan East Timor Cambodia and others had participated in the conference **Global Migration, Gender, and Health Professional Credentials** Margaret Walton-Roberts, 2022-03-01 Bringing together diverse approaches and case studies of international health worker migration Global Migration Gender and Health Professional Credentials critically reimagines how we conceptualize the transfer of value embodied in internationally educated health professionals IEHPs This volume provides key insights into the economic and feminist concepts of global value transmission the complexity of health worker migration and the gendered and intersectional intricacies involved in the workplace integration of immigrant health care workers The contributions to this edited collection uncover the multitude of actors who play a role in creating transmitting transforming and utilizing the value embedded in international health migrants The Balance Concept in Health and Nursing Daisy Magalit Rodriguez, 2014-03-04 The central idea in this book is the concept of balance composed of five universal elements that support survival of all human beings adaptation equilibrium homeostasis needs and health and how it applies to health and nursing Behavior is the key that unlocks these elements through interaction with the internal and external environments The concepts of imbalance personality open systems behavior pyramid culture technology and physical forces are viewed as influences that affect behavior Using existing related concepts and theories derived from the social nursing and physical sciences a novel view of the health illness continuum was conceptualized From this theoretical background a new nursing model was developed the Balance Health Nursing Model BHNМ using balance as a framework in the nursing process A

Balance Health Assessment Tool was developed with a sample case study to demonstrate its use This view of balance offers an alternative approach to health and illness and the role of nursing and other health care professionals in their practice settings

Indian Sisters Madelaine Healey, 2014-08-07 Health and medicine cannot be understood without considering the role of nurses both as professionals and as working women In India unlike other countries nurses have suffered an exceptional degree of neglect at the hands of state a situation that has been detrimental to the quality of both rural and urban health care Charting the history of the development of nursing in India over 100 years Indian Sisters examines the reasons why nurses have so consistently been sidelined and excluded from health care governance and policymaking The book challenges the routine suggestion that nursing's poor status is mainly attributable to socio cultural factors such as caste limitations on female mobility and social taboos It argues instead that many of its problems are due to an under achieved relationship between a patriarchal state on the one hand and weak professional nursing organisations shaped by their colonial roots on the other It also explores how the recent phenomenon of large scale emigration of nurses to the West leading to better pay working conditions and career prospects has transformed the profession lifting its status dramatically At the same time it raises questions about the implications of emigration for the fate of health care system in India An important contribution to the growing academic genre of nursing history the book is essential reading for scholars and students of health care the history of medicine gender and women's studies sociology and migration studies It will also be useful to policymakers and health professionals
