Alyssonne Gaunt, 2011-06-07 Teary has embarked on a spiritual journey The only problem is she is completely unaware that this is so for she knows nothing of her surroundings and neither can she recognise the people she finds herself amongst A mysterious Sisterhood of women are nursing her back to health high up in their remote convent set apart from the world and all its conventions They tend to her wounds and help her deal with a crippling amnesia In spite of

her resistance Teary begins to learn the convent's ways and gradually another world is revealed to her as she slowly recovers. She now glimpses a world of magic and miracles of strange connections, mystical experiences and profound truths and Teary sees her previous view of the world shattering. She grows deeply suspicious and afraid, unwilling to trust the Sisters and too unsure of herself to accept all that she is experiencing. She flees the convent for the desert where she encounters the strange and compelling Rohan, a man with whom she seeks refuge, but it soon becomes apparent that her saviour has a dark agenda of his own. Teary's story unfolds against the magnificent backdrop of desert oasis and canyon lands in company with some extraordinary beings who live in a state of harmony and mysticism, both tantalising and terrifying. Will she ever discover her true identity? Can she become an adept in the ways of the Sisterhood? Why does Rohan evoke such conflicting feelings of love and hate within her? To which path will she ultimately be led?

*The Maid of Honor* F. Halévy, 1886      Wildlife of the Otways and Shipwreck Coast Grant Palmer, 2019-04-01

The Otways and Shipwreck Coast is known for its natural beauty and attracts millions of visitors each year, particularly along the Great Ocean Road. The value of the region's rich biodiversity is recognised at the national and global level and its wildlife is markedly different to other regions, including eastern Victoria, which supports similar vegetation types. *Wildlife of the Otways and Shipwreck Coast* is a photographic field guide to the vertebrate wildlife of Victoria's south west. It covers all the mammals, birds, reptiles and frogs that occur in the region, including on land and in coastal waters. Each of the 288 species profiles includes a description and information on identification, range, conservation status, habitat use and ecology, and is complemented by an exquisite colour photograph and a detailed distribution map. The book also includes chapters on habitat types, conservation and management, and on 14 key places in the region to view wildlife. This book will allow those interested in wildlife, including residents and visitors, to identify vertebrate animals found in the region. Readers will also become more familiar with the distinct role the Otways has in conserving Australia's biodiversity.
