archaeological and literary evidence relating to the city of Pompeii from the viewpoint of architect geographer and social scientist Enhancing our general understanding of the Roman world this new edition includes new chapters that reveal how the young learnt the culture of the city and to investigate the role of property development and real estate in Pompeii s growth Showing how Pompeii has undergone considerable urban development Dr Laurence emphasizes the relationship between the fabric of the city and the society that produced it Local activities are located in both time and space and Pompeii s cultural identity is defined This book is invaluable for students and scholars in the fields of archaeology and ancient history as well as being rewarding reading for the many people who visit Pompeii

UPSC Mains Solved Previous Papers - General Studies Paper 1, 2, 3, 4 (2013 Onwards) Exam Xtracts,2023-06-01 UPSC Mains Solved Previous Papers General Studies Paper 1 2 3 4 2013 Onwards **Rome and the Making of a World State, 150 BCE - 20 CE** Josiah

Osgood,2018-04-12 A new historical survey that recasts the fall of the Roman Republic as part of the rise of a uniquely successful world state **Decolonizing Roman Imperialism** Danielle Hyeonah Lambert,2024-10-17 The framework of Romanization developed by Haverfield in 1905 that Romans civilized their imperial subjects particularly those in the barbarian western provinces remains hegemonic notwithstanding multiple attempts at revisionism It has been reasserted rejected or modified but still frames the debate Decolonizing Roman Imperialism investigates how the postcolonial challenge to decolonize the production of historical knowledge has motivated Roman scholars to question the paradigm of Romanization to review its historiography to seek fresh approaches and to rewrite it The book provides an intellectual genealogy of the debate valuable for every student of the Roman Empire and of Roman Britain and invites them to rethink the legacy of ancient Roman imperialism Frontiers of the Roman Empire Hugh Elton,2013-04-15 With its succinct analysis of the overriding issues and detailed case studies based on the latest archaeological research this social and economic study of Roman Imperial frontiers is essential reading Too often the frontier has been represented as a simple linear boundary The reality argues Dr Elton was rather a fuzzy set of interlocking zones political military judicial and financial After discussion of frontier theory and types of frontier the author analyses the acquisition of an empire and the ways in which it was ruled He addresses the vexed question of how to define the edges of provinces and covers the relationship with allied kingdoms Regional variation and different rates of change are seen as significant as is illustrated by Civilis revolt on the Rhine in AD 69 He uses another case study Dura Europos to exemplify the role of the army on the frontier especially its relations with the population on both sides of the border The central importance of trade is highlighted by special consideration of Palmyra *Globalizing Roman Culture* Richard Hingley,2005-02-08 Richard Hingley here asks the questions What is Romanization Was Rome the first global culture Romanization has been represented as a simple progression from barbarism to civilization Roman forms in architecture coinage language and literature came to dominate the world from Britain to Syria Hingley argues for a more complex and nuanced view in which Roman models provided the

means for provincial elites to articulate their own concerns. Inhabitants of the Roman provinces were able to develop identities they never knew they had until Rome gave them the language to express them. Hingley draws together the threads of diverse and separate study in one sophisticated theoretical framework that spans the whole Roman Empire. Students of Rome and those with an interest in classical cultural studies will find this an invaluable mine of information.

An Imperial Possession David Mattingly, 2008-05-27. Part of the Penguin History of Britain series. An Imperial Possession is the first major narrative history of Roman Britain for a generation. David Mattingly draws on a wealth of new findings and knowledge to cut through the myths and misunderstandings that so commonly surround our beliefs about this period. From the rebellious chiefs and druids who led native British resistance to the experiences of the Roman military leaders in this remote dangerous outpost of Europe, this book explores the reality of life in occupied Britain within the context of the shifting fortunes of the Roman Empire.

A Companion to Science, Technology, and Medicine in Ancient Greece and Rome, 2 Volume Set Georgia L. Irby, 2019-12-05. A Companion to Science, Technology, and Medicine in Ancient Greece and Rome brings a fresh perspective to the study of these disciplines in the ancient world with 60 chapters examining these topics from a variety of critical and technical perspectives. Brings a fresh perspective to the study of science, technology, and medicine in the ancient world with 60 chapters examining these topics from a variety of critical and technical perspectives. Begins coverage in 600 BCE and includes sections on the later Roman Empire and beyond, featuring discussion of the transmission and reception of these ideas into the Renaissance. Investigates key disciplines, concepts, and movements in

ancient science technology and medicine within the historical cultural and philosophical contexts of Greek and Roman society Organizes its content in two halves the first focuses on mathematical and natural sciences the second focuses on cultural applications and interdisciplinary themes 2 Volumes

Roman Officers and English Gentlemen Richard Hingley, 2013-04-15 This landmark book shows how much Victorian and Edwardian Roman archaeologists were influenced by their own experience of empire in their interpretation of archaeological evidence This distortion of the facts became accepted truth and its legacy is still felt in archaeology today While tracing the development of these ideas the author also gives the reader a thorough grounding in the history of Roman archaeology itself

Imperialism, Power, and Identity David J. Mattingly, 2013-12-05 Despite what history has taught us about imperialism s destructive effects on colonial societies many classicists continue to emphasize disproportionately the civilizing and assimilative nature of the Roman Empire and to hold a generally favorable view of Rome s impact on its subject peoples Imperialism Power and Identity boldly challenges this view using insights from postcolonial studies of modern empires to offer a more nuanced understanding of Roman imperialism Rejecting outdated notions about Romanization David Mattingly focuses instead on the concept of identity to reveal a Roman society made up of far flung populations whose experience of empire varied enormously He examines the nature of power in Rome and the means by which the Roman state exploited the natural mercantile and human resources within its frontiers Mattingly draws on his own archaeological work in Britain Jordan and North Africa and covers a broad range of topics including sexual relations and violence census taking and taxation mining and pollution land and labor and art and iconography He shows how the lives of those under Rome s dominion were challenged enhanced or destroyed by the empire s power and in doing so he redefines the meaning and significance of Rome in today s debates about globalization

power and empire Imperialism Power and Identity advances a new agenda for classical studies one that views Roman rule from the perspective of the ruled and not just the rulers In a new preface Mattingly reflects on some of the reactions prompted by the initial publication of the book

History A-Level (ZIMSEC) Past Exam Questions and Model Answers
