Nogueira,2020-07-07 Leer y escribir suele ser un problema para muchos alumnos universitarios Estudian pero tienen dificultades para comunicar a sus evaluadores lo que saben Contestan cuando se les pregunta pero las respuestas no satisfacen a los docentes Los profesores prestan atención a partes de los textos que los estudiantes ponderaron irrelevantes

Los alumnos privilegian lo que los profesores dejan de lado Parece que falta ponerse de acuerdo sobre qué se exige Las instituciones en las que se difunden conocimientos oficialmente tienen modos propios de comunicación La universidad es una de esas instituciones Los ingresantes necesitan iniciarse específicamente sistemáticamente de esos modos tradicionales de comunicación para alcanzar logros satisfactorios en el ámbito universitario Es ese un aprendizaje que debe comenzar en verdad

comenzar antes en los estudios previos con los que cada uno accede a la totalidad En este manual se presenta una estrategia para ayudar a leer y escribir como se demanda en la universidad Es una estrategia que se despliega y se ha puesto a prueba en los talleres de lectura y escritura de Semilogística de la profesora Elvira Arnoux del Ciclo Básico Común de la Universidad de Buenos Aires En cada capítulo de este manual se explican conceptos no sólo para orientar la disposición que

para la lectura y la escritura deben tener los alumnos sino también para guiar la organización de esas mismas actividades Cada sección incluye actividades de taller en las que se recuperan esos conceptos para entrenar habilidades de lectura y escritura universitarias como delimitar un texto como reconocerlo como jerarquizar su información como explicar un concepto como argumentar una hipótesis como escribir un informe como elaborar una monografía El libro cierra con una serie de anexos de apoyo revisión de contenidos que se suelen dar por ya adquiridos en la escolaridad anterior al progreso de esas habilidades **Circuitos del cuadro de instrumentos (CEAV) ,** *Circuitos eléctricos auxiliares del vehículo - Novedad 2023*
