*Caprice Letan* Laszlo Groh,2013-11-21 CAPRICE LETAN is a book of short novels what is held together by my life full of adventures and my recent sailing trip across the South Pacific Ocean I began to write it in a Bay in Nuku Hiva Island In The Marquesas Group on the way to Tahiti I am on a 10 meter long sailing boat Called Dolphin Dancer I bought her in 2011 October and sailed under the Golden Gate Bridge 6 weeks later I stopped at St Catalina Island for a short spell however it s too cold for me there I can t deny it I Am a Tropical Person Now Nobody can sell me snow unless he mixes it with sugar and lime juice first moreover call it Lemon Ice cream I should had been born as a small black boy on a tropical island with a fishing rod in my hand and a hat like Huckleberry Finn used to wear on his raft on the Mississippi Lately I buy and sell boats yearly it s a bad habit of mine I should stop it but can t afford it because it keeps me in cash I fix them up quick and sell them for little extra I can buy an air ticket and fly back to The Top of the hill and slide down again with a new boat Not all slides are without accident as you rightfully guessed Dolphin Dancer is my tenth boat in line Number four Antilia broken in half in a category 5 hurricane in the lagoon of St Martin and never sailed at all I could not decide which half to use to sail onwards She was a schooner so had 2 masts enough for 2 boats but the hull was of concrete Yes she was a Floating pavement Not many around anymore I wonder why Some of my boats I sold as far as New Caledonia Gibraltar and the Seychelles Yes I sailed a lot But do not chuck this book away because you do not like boats and sea the better half of this book is about normal land dwellers like you and poor me Yes I was born on land not even on the nicest part of it and had to wade my way towards the sea like a seal virtually on my belly    **Country Life** ,1981-12    Autocar ,2004    **Road and Track** ,1992

Bargaining Report ,2002    **The Nigeria Local Government Institutional Directory** ,2002    **China Rising: Capitalist Roads, Socialist Destinations** Jeff J. Brown,2017-03-24 CHINA RISING the latest book by the author of 44 Days Backpacking in China The Middle Kingdom in the 21st Century with the United States Europe and the Fate of the World in Its Looking Glass one of the most engaging political travelogues in recent memory is a comprehensive absorbing eye opening guide to China in the 21st century a volume which in 700 pp packs it all history personal memory sociology political analysis and above all a fair dose of invaluable first hand information designed to detoxify the Western reader s mind from the constant lies served by the Western media in support of Washington s global imperial agenda The result is a thorough rectification a deprogramming of just about everything we as Westerners have been taught to believe about China allowing us to see the Chinese people and their leaders as they really are ordinary human beings just like us with dreams foibles

defects and a proud history extending millennia a people that in a century have overcome just about every scourge known to man famines massive drug addiction civil wars invasions grinding poverty and humiliation to become one of the great powers of this century perhaps the greatest and which today much as a result of its success is facing the undying hostility of the world's hegemon the United States itching for a confrontation to reassert imperial control It is thus indispensable for Westerners and Asians to know the truth of the situation what their governments are doing led by the USA behind their backs if the planet is to be spared a nuclear conflict of incalculable horror For as Brown indicates China will not back down this time and neither will Russia her strategic ally who faces the same type of constant harassment and bullying by the West also for having the audacity to defend her sovereignty and set her own foreign policy course The truth therefore must come out about key events from the so called Tiananmen Massacre organized by the CIA to who Mao Zedong really was and did a role for which he earned the love of his countrymen to this day It's a big job but the author an American fluent in Chinese a teacher by profession and with 15 years residence in the Middle Kingdom and a cosmopolitan background is eminently qualified to meet the task Andre Vltchek himself a truth teller of distinction and a man who like Jeff Brown knows China well has endorsed CHINA RISING as a unique instrument of mind liberation Vltchek's words are worth heeding The Western public should learn and remember one essential thing about China no matter what European and North American propaganda barks about the People's Republic China is much more democratic than the West It is democratic in its own way For thousands of years it developed its own political system Its rulers no matter who they are are given a conditional right to govern by the people In the past but even now it is called a Heavenly Mandate If the rulers fail to respect the will of the people they get deposed And the Communist Party of China is greatly respectful of the desires of the majority of the Chinese people When they want liberal reforms they are delivered When they want more Communism and an epic fight against corruption like now China's government immediately reacts It is powerful and democratic although it is a very specific and complex arrangement And now the Chinese people are outraged and they are sending clear signals to Beijing do not succumb to the West If you do our nation will suffer immensely and the rest of the world will turn to ashes The fate of the world hangs in the balance and only truth can prevent a global catastrophe
