Improvement Science Deborah S. Peterson,Susan P. Carlile,2021-09-08 A 2022 SPE Outstanding Book Honorable Mention Improvement Science Promoting Equity in Schools is intended for classroom teachers school leaders and district leaders charged with leading improvement efforts in schools From questions such as how do I develop a love of reading in my classroom to how can I better manage student behavior during independent learning time to what should we do to make sure kids of all races read at grade level by 3rd grade to how could we include families of all backgrounds as partners in learning or how do we increase our graduation rate among underserved students this book shares real life examples from those who are currently leading equity focused improvement in our classrooms and schools If you are curious about how Improvement Science has been used or how others

have succeeded or failed at equity focused improvement efforts in our classrooms and in our schools or if you're wondering how to spur discussions in school districts, universities, and communities about leading equity focused improvement, this book is for you. Teachers, students, family members, community members, principals, and superintendents will be inspired to embrace Improvement Science as a method to improve equity in their schools. The book helps people new to Improvement Science to understand the basic steps to implement the process. If you're a beginner, it provides some basic steps and a resource: <https://www.carnegiefoundation.org/our-ideas/six-core-principles-improvement-to-help-you-understand-the-process-better-for-those-with-some-experience-the-book-will-be-an-excellent-refresher-and-tool-with-functional-suggestions-to-take-your-practice-further>. 1. Form a Team 2. Examine Data 3. Ask Why 4. Read Research 5. Get Perspective of Those Closest to the Problem 6. Plan the Change. After you've done the above, then it's time to test one idea using short Plan-Do-Study-Act cycles. These are short improvement cycles. Students are only in our classrooms generally for one year, so the cycles need to be short, perhaps even as short as one week, to ensure that every instructional move we are making truly does improve the experience of the students. Readers of *Improvement Science: Promoting Equity in Schools* will be taking an important step toward achieving the goal of producing socially just classrooms and schools. WATCH: Meet the Authors ZOOM recording from CPED21 Virtual Convening 10/20/21. Partnership Power Marsha L. Semmel, 2019-02-28. Partnership Power examines museum-related partnerships, collaborations, and networks within today's dynamic, ever-changing environment. With today's greater emphasis placed on measurable community impact and leveraging technology for greater reach and connection on significant social challenges, partnerships have become increasingly important. Through perspectives from other related sectors, including libraries and other nonprofits, current museum case studies from a broad and diverse spectrum of museum types, history, children's art, science, and ethnic and proven tools, tips, and resources, *Partnership Power: Essential Museum Strategies for Today's Networked World* serves as an invaluable primer for museums and museum professionals wanting to create and sustain effective partnerships and collaborations. The volume helps solve the partnership puzzle, focusing on the essential attributes of sustainable and relevant collaborations within communities, states, and nationally, including examples of

broader multi institutional networks that are increasingly important to maintain relevance in this hyper connected world It contains words of wisdom from museum leaders funders community organizers and researchers both industry experts and newcomers on what authentic partnership means how partnerships evolve the benefits of partnerships as well as the challenges they present How does a museum determine and select a viable partner or partners What happens when a partnership encounters the inevitable pitfalls and barriers When should you move away from a partnership How does one evaluate a partnership s success or failure The book also looks inside the museum the key issues of institutional culture staff skills and competencies managing financial resources marketing the partnership and working with boards that often emerge in the context of partnership development and management *Learning Science in Out-of-School Settings* Nancy

The Tontine: A History Andrew

McDiarmid,2024-10-04 From the last decades of the seventeenth century until the beginning of the twentieth the tontine in one form or another was a ubiquitous financial instrument As a revenue raising tool of governments it supported the cost of war and as a private capital raising instrument it provided funding for civic improvement and urban development projects While the tontine is known today mainly through fictional works Robert Louis Stevenson Agatha Christie and The Simpsons among others this book tells the history of how it evolved from a public revenue raising scheme into a popular private investment and infrastructure financing tool before it was displaced by cheaper forms of borrowing Focusing on the early development of the tontine and with European and North American case studies the narrative brings to life the story of a little understood financial innovation This concise and engaging book is an ideal introduction to the history of the tontine for all readers interested in financial history **International Congress Calendar** ,2004 **Serving Library Users from**
