**Sister Or Wife?** J. Dorcas Gordon, 1997-11-01 This work investigates the social dynamics within the Corinthian community and the function of Paul s argumentation in the light of those dynamics The models of Victor Turner and Mary Douglas cultural anthropologists guide the inquiry Gordon concludes that the conflict in 1 Corinthians 7 arose as the result of two antithetical views of the root metaphor In Christ all are children of God no male and female One group supported a kinship system based on patrilineal marriage and hierarchical community structures A second group demanded that an egalitarian sibling relationship should order the community Paul attempts to persuade both factions that their commitment to each other and to him is primary His arguments encourage each group to reconsider the absoluteness of its stance and to learn to live with ambiguity

Believers Baptism for Children of the Church Marlin Jeschke, 2000-08-11 The author helps us to see that in the New Testament era many of the baptisms were of adults who came to saving faith after having lived in sin for a time Today however thousands of youth are baptized after a happy and largely carefree childhood of innocence God s ideal is for this period of innocence to be the norm and for making the crossover to saving faith the appropriation of the faith in which one has been reared at the first clear call of the Spirit Let no one assert that the writer does not believe in conversion He does But urges the church to give more attention to happy Christian homes to being more creative in the nurture of its youth and to making baptism services occasions for joyful celebration The whole process is the more excellent way This book deserves wide reading and earnest acceptance J C Wenger
