Mark has been written about Guy McCubbin's immense influence on California history, and on history beyond California's borders—and rightly so. But the subject of this book, the seal, is just as important and significant to California, has been Guy's passion since all others. Guy was well positioned to maximize his influence during the inception of seal hunting in California in the 1940s and 1950s. While others have gone and gone and had major influence on the industry, Guy has remained dedicated to the study and preservation of these seals well beyond all others. Guy was in the day of the founding members of the California Seal Records Committee, and he has remained a driving force of the Committee and seal. Members of the CRC, past and present, proudly dedicate this book to Guy, and wish him many more seal books to come.
