Option Trading Low-Risk Short Spread Michael C. Thomsett, 2010-07-29. Contrary to popular opinion, there are low-risk short option strategies and here's how to make them work for you. Is there such a thing as a low-risk short option strategy? Many traders and investors do not think so, but in fact, there is one way to put together a short spread that will not break the bank. A combined covered call and uncovered put accomplish this, assuming that a few basic precautions are followed. First among these is **Getting Started in Stock Investing and Trading** Michael C. Thomsett, 2011-01-11. An up-to-date guide to the complex world of equities, **Getting Started in Stock Investing and Trading** walks investors and traders through the essential information they need to know before they decide what kind of participant they want to be in equities. The book is filled with the key strategies and tools and offers a comprehensive guide for those entering this marketplace. The author does not argue that one method is better or more appropriate than another. Rather, he reveals the various methods and lets investors decide for themselves. The book covers investment risks, value investing, market strategies, trading methods such as day and swing trading, technical indicators and diversifying your portfolio and offers a thorough overview of strategies and tools that investors need to profit from the volatile equities markets. Provides examples, charts and timely additions that reflect recent changes in the equities markets. Other titles by Thomsett: *Getting Started in Bonds* and eight editions of *Getting Started in Options*. This book is another title in The *Getting Started* series which makes complex issues easy to understand.

Profiting from Technical Analysis and Candlestick Indicators

Michael C. Thomsett, 2014-12-12 This visual example driven guide will help you integrate Western technical analysis with Eastern candlestick charting to create an exceptionally powerful and dynamic system for timing trades. Top trader Michael C Thomsett explains why candlesticks complement traditional resistance support based analyses rather than contradicting or competing with them. One step at a time you'll learn how to use them together to identify crucial reversal and confirmation signals more rapidly and reliably. Thomsett reviews how traditional and candlestick methods each identify patterns indicating future stock behavior and reversal and shows how to use each system to gain cross confirmation and strengthen the reliability of your predictions. Profiting from Technical Analysis and Candlestick Indicators shows how to uncover reversal signals in both systems how to use candlesticks and well known technical signals to forecast pricing how to recognize signal failures and false leads how to profit from Western and Eastern indicators in swing trading and how to use them together to reduce risk.
