Berg,Dina Danon,2025-02-25 This volume explores the history of Jewish life and experience in the modern Islamic world Longing and Belonging investigates the lives of Jews among Muslims in the modern age both inside and outside the Ottoman Empire and after its demise Here modern Jewish protagonists are revealed as active participants in an expansive Islamic civilization reflecting a mutuality and cross fertilization in the region that raises new lines of inquiry and which offers enduring lessons for the world today This collection both foregrounds the experiences of Jewish communities that have long been relegated to the margins of historical and literary studies and critically uses these experiences to complicate prevailing narratives from both Jewish and Middle Eastern Studies By following communities from the coffeshops of Cairo to the villages of Yemen from the local marriage market in Izmir to the global commerce of the Sassoons readers gain intimate insight into a world that resists a simple understanding of the modern Islamic world and of the place of Jews within it Just as much as the Sephardi and Mizrahi experience complicates prevailing paradigms in the study of Jewish modernity so too does it enrich understandings of modernity across Muslim societies The volume tells a story of longing belonging and longing to belong of multiple affinities in a world that no longer exists Contributors Esra Almas Nancy E Berg Dina Danon Keren Dotan Annie Greene Alma Rachel Heckman Hadar Feldman Samet Joseph Sassoon Edwin Seroussi Alon Tam Alan Verskin Mark Wagner

Historical Dictionary of Yemen Charles Schmitz,Robert D. Burrowes,2017-10-25 Yemen has experienced wrenching changes that have transformed the country in yet unknown ways The country exploded in a popular revolution against the long time rule of Ali Abdallah Saleh While the country appeared to slip toward civil war Yemeni political elite rallied with international backers to put together a transitional government with a plan to revise the country s constitution The

transitional government began with a cautious sense of optimism and the prospect of substantial change for the better but ended in collapse because of a failure to govern. The politics of the street overran an ineffective transitional government that could not address the urgent concerns of Yemeni citizens for security and jobs. Instead populist leaders exploited people's dissatisfactions and threw the country into civil war. The Houthi organization covertly allied with its former enemy Ali Abdallah Saleh to overthrow the transitional government and declare war on the rest of the country. Saleh seems unable to conceive of life outside of the Presidential Palace and his Houthi allies appear to believe they are destined to rule. Unfortunately those opposed to Saleh and the Houthis also seem unable to provide effective rule in spite of massive backing from the Gulf States. The incompetence, infighting and incoherence of the Hadi government bode equally ill for the future of the country. The one hope may be that a new generation of Yemeni leaders emerges to displace the dismal failures of this one. The dictionary section has over 1000 cross-referenced entries on important personalities, politics, economy, foreign relations, religion and culture. Thompson, Leila Zakhirova, 2021-07-04

Environmental factors in the Middle East and North Africa MENA have played a crucial role in the historical and social development of the region The book delves into a broad set of historical literature from the past 15 000 years that neglected to consider environmental factors to their full effect Beyond the broad historic analysis the chapters derive conclusions for today s debate on whether climate change leads to more social conflict and violence Introducing a theoretical framework focused on adaptive cycling this book probes and refines the role of climate in ancient and modern political economic systems in the MENA region It also underscores just how bad the 21st century environment may become thanks to global warming While the MENA region may not survive the latest onslaught of deteriorating climate there is also some interest in how a region that once led the world in introducing all sorts of innovations thousands of years ago has evolved into a contemporary setting characterized by traditional conservatism poverty and incessant strife Emphasizing regional dynamics the book s central question deals with the role of climate change in the rise and decline of the MENA region The book will be a key resource to students and readers interested in global warming including academics and policymakers
