Brant, 2014-01-20 During the time of the Troubles in Ireland Master Pao of Vendylor a realm in the multiverse of evolved beings of light comes to Earth in the form of a small kitten in order to help a young woman in Kiltimagh Ireland struggling with the anguish of losses in her life The kitten magically turns her world upside down and helps to improve her life and the lives of all with whom he comes into contact He is joined by others from Vendylor Master Kuo the boss and Master Drock the Antagonist The three try to pass as Earthlings and chaos adventure and phantasmagorical happenings ensue The animals in the story tele communicate and are evolved as compared to the sometimes clueless humans The story speeds toward human transformation and spiritual ascendance back to Vendylor This gentle adventure teaches that Love heals everything The philosophy behind Lesson of Pao and the message that implicitly permeates the story is that everything in life is made better by coming to it through love in short that love heals everything There are multiple levels of beings in the story There's the evolved level of the Vendylorians the so called enlightened beings who teach and serve the lesser evolved inhabitants of the multiverse Then there are the humans rife with ego frailty angst and confusion Lastly there are the

kitties and the other animals that are subservient to the humans but that are superior in their pure spirituality The surprising truth is that imperfection exists at all of these levels Even the Vendylorians are continually working on improving They also are subject to anger pettiness misguided behaviors and ego Cases in point are Master Kuo s explosive temper Master Drock s arrogance and ego and Master Pao s righteousness The humans are mired in their shortcomings One obvious case is Paddy Coogan a miserable hateful depressed and hopeless old farmer who had given up on ever being happy The animals have their own limitations derived by forgetting their naturally evolved state and by observing and imitating the flawed behaviors of their human masters Lucia is a good example of this trap as she exhibits jealousy and pettiness toward her sister Kay Cee Therefore it seems clear that the snags along the way to spiritual enlightenment afflict all living material beings In Lessons Master Pao is aware that he is imperfect and he s working on that but he is also aware of the obstacles blocking spiritual evolution in Earth creatures Therefore he subtly directs them how to love in order to reach enlightenment So really what are Pao s lessons The main lessons to be learned are that only love can create the happiness that we seek and that only by recognizing and respecting the love within each other can we get there [A World of Cake](#) Krystina Castella,2012-01-03 Take your sweet tooth on a global tour Whether you re indulging in Australian pavlova Japanese mochi or Italian panettone it s just not a celebration without cake In this delectable cookbook Krystina Castella offers more than 150 irresistible cake recipes from around the world accompanied by mouthwatering photographs and insights into unique cultural traditions Discover exciting new flavors and innovative twists on your favorite desserts as you explore the sweet delights of a variety of chiffons fruitcakes meringues and more **Irish Traditional Cooking** Darina Allen,2018-11-05 Ireland s rich culinary heritage is brought to life in this new edition of Darina s bestselling Irish Traditional Cooking With 300 traditional dishes including 100 new recipes this is the most comprehensive and entertaining tome on the subject Each recipe is complemented by tips tales historical insights and common Irish customs many of which have been passed down from one generation to the next Darina s fascination with Ireland s culinary heritage is illustrated with chapters on Broths Soups Fish Game Vegetables and Cakes Biscuits She uses the finest of Ireland s natural produce to give us recipes such as Sea Spinach Soup Potted Ballycotton Shrimps with Melba Toast and Rhubarb Fool [The Sacred Herbs of Yule and Christmas](#) Ellen Evert Hopman,2023-09-12 An around the world tour of ancient Christmas celebrations Pagan Solstice customs and magical seasonal plants Explores in depth the medicinal and magical properties of the many herbs barks and berries associated with the Christmas and Yuletide season Looks at the origins of the Christmas tree and Santa Claus as well as female gift bringers holiday Spirits and Yuletide animals Shares crafts such as how to make a Yule Log practices such as Winter Solstice divinations and recipes for traditional foods and drinks For millennia cultures have taken time out to honor the darkest days of the year with lights foods and festivities In ancient Egypt people decorated their homes with greenery at the festival of the rebirth of the God Horus The ancient Romans shared gifts especially candles at the midwinter festival of Saturnalia In
