**Always Being Reformed** David Hadley Jensen,2016-03-31 One of the most persistent slogans of Reformed theology is that it is reformed and always being reformed But what does this slogan mean This volume gathers thirteen essays written by a younger generation of Reformed theologians who teach and write on five different continents who together offer this work in Christian systematic theology Unlike many other works of Reformed theology however this book is framed by pressing contextual issues and questions instead of traditional loci Each chapter engages classical doctrine but does so through the lens of contemporary lived experience in particular contexts The result is not a theology where doctrines are applied to contexts but an approach where doctrine and context mutually shape one another The contributors take seriously the notion that theology is always being reformed and is always partial ever on the way hence it requires conversation partners beyond the Reformed family of faith The result is a study in Reformed theology that is thoroughly ecumenical

*Serving the Present Age* Phyllis D. Airhart,1992-02-26 Essential to Methodist revivalism was the personal conversion experience which constituted the basis of salvation and church membership Revivalism maintains Airhart was a distinctive form of piety and socialization that was critical in helping Methodists define who they were colouring their understanding of how religion was to be experienced

practised articulated and cultivated This revivalist piety even more than doctrine or policy was the identifying mark of Methodism in the nineteenth century But during the late Victorian era the Methodist presentation of the religious life underwent a transformation By 1925 when the Methodist Church was incorporated into the United Church of Canada its most prominent leaders were espousing an approach to piety that was essentially and sometimes explicitly non revivalist The Methodist approach to personal religion changed during this transition and significantly Methodists increasingly became identified with social Christianity although experience remained a key aspect of their theology There was also a growing tendency to associate revivalism with fundamentalism a new religious development that used the Methodist language of conversion but was unappealing to Canadian Methodists Airhart portrays the tensions between tradition and innovation through stories of the men and women who struggled to revitalize religion in an age when conventional social assumptions and institutions were being challenged by the ideals of the progressive movement Serving the Present Age is an account of Canadian Methodist participation in a realignment of North American Protestantism which supporters believed would better enable them in the words of a well known Wesley hymn to serve the present age

**Between the State and the Eucharist**

Joel Halldorf, Fredrik Wenell, 2014-07-23 In the world but not of the world this has been the motto of the Free Church tradition But to what extent can freedom and independence from the world be realized in modernity and how have these churches fared so far These are the questions with which this book wrestles The particular focus is Sweden where a state facilitated hypermodernity has created what some call the most modern nation in the world The Swedish free churches have in many ways succumbed to the pressure of the modern welfare state and as a consequence lost their distinctive voice The argument of this book is that the rediscovery of practices left behind might be a way for these churches to recover a solid particular and deeply Christian identity In dialogue with William T Cavanaugh the authors argue for a return to concrete social practices asceticism table grace written prayers a turn to tradition and the Eucharist Here are lost treasures that might prove invaluable for the modern church at large with her dual citizenship in the modern nation state and the kingdom of heaven
