## **Training Soccer Champions:**

**Training Soccer Champions** Anson Dorrance, 1996-01-01      **The Vision of a Champion** Anson Dorrance, Gloria Averbuch, 2002 Advice inspiration from the world's most successful women's soccer coach      *Creating World Champions* Stephan Schmidt, Tim Stegmann, 2016-10-26 Soccer players and coaches alike admire the German national team for their combination of individual qualities and teamwork leading to some of the most creative soccer being played during the 2014 World Championship. The roots for the German team's success can be found in the youth training practiced in German soccer clubs. Most professional soccer clubs in Germany have their own youth academy where the next Bundesliga stars are formed. Of the 2014 World Cup squad only Miroslav Klose was not trained in one of these academies. In this book the system used for German soccer youth development is explained with particular emphasis on the different paths that young players can take on the road to success. World Champions and rising star players present their individual stories and some of the exercises that improve their strengths and remove their weaknesses. This book contains many interviews with former Bundesliga stars, soccer experts and youth and professional coaches as well as an overview of the youth development program of an ambitious amateur club. Some of the star players interviewed include Marco Reus, Manuel Neuer and Shkodran Mustafi as well as rising stars Sebastian Rode and Maximilian Arnold. This book is for everyone who's interested in the German Soccer Association's talent nurturing and different perspectives on the preparation of young players for a professional soccer career.      **The Complete Idiot's Guide to Coaching Youth Soccer** Michael Muckian, Dean Duerst, 2003 An Olympic coach tells how to lead the team to victory. This is the first and best handbook for mastering both the soft conceptual skills of coaching youth soccer such as good sportsmanship and dealing with parents to the tactical skills of executing winning offensive and defensive strategies.      *The Soccer Coaching Bible* National Soccer Coaches Association of America (NSCAA), 2004-01-09 With *The Soccer Coaching Bible* you can draw from the expertise and experience of 30 of the game's most successful coaches learning new and better ways to coach the game and develop your players. The National Soccer Coaches Association of America NSCAA assembled an all-star lineup of 30 coaches to tackle every important aspect to coaching the sport. On and off field duties are covered in detail and the material in each chapter is rich with the voice of experience. From Anson Dorrance's chapter on organizing and orchestrating a winning program to Lauren Gregg's chapter on creating the ideal training environment, this book provides the answers you've been looking for. Steve Sampson explains the technical and tactical nuances of controlling the ball and Tony DiCicco encourages and informs mentoring developing players and coaches. The vast coaching expertise is divided into six sections making it easy to choose what to implement into your program. *Priorities and Principles* by Cliff McCrath, Joe Bean, Layton Shoemaker and George Perry, *Program Development and Management* by Anson Dorrance, Charlie Slagle, John Rennie, Mike Jacobs and Joe Morrone, *Optimal Training for Learning and Performance* by Lauren Gregg, Jeff Tipping, Barry Gorman and Ron McEachen, *Technical and Tactical Insights for Competitive Success* by
