**Subverting Masculinity** ,2021-08-04 Contemporary Western societies are currently witness to a crisis of masculinity but also to an intriguing diversification of images of masculinity Once

relatively stable regimes of masculine gender representation appear to have been replaced by a wider spectrum of varieties of masculine lifestyles taken up by the media and the market to produce new and immensely flexible forms consumerised gender hegemony The essays in *Subverting Masculinity* concentrate on contemporary film literature and diverse forms of popular culture The essays show that the subversion of traditional images of masculinity is both a source of gender contestation but may equally be susceptible to assimilation by new hegemonic configurations of masculinity *Subverting Masculinity* maps out the ongoing relevance of gender politics in contemporary culture but also raises the question of increasingly unclear distinctions between hegemonic and subversive versions of masculinity in contemporary cultural production *Subverting Masculinity* will be of interest to students and teachers of gender cultural film and literary studies
